Dear Mr. Mohr:

The transfer of Special Agent [redacted]

Mr. Tolson, by memorandum dated 9-26-61, pointed out that SA [] was assigned directly to New York which is contrary to the general rule that new agents not be assigned to New York. He noted [] had a knowledge of Russian which possibly had some bearing on his transfer, but stated that the need for a Russian-speaking agent in New York apparently was not so great since [] was initially assigned to general criminal work in New York. Mr. Tolson also noted that [] resided in Fairhaven, New Jersey, prior to entering the Bureau and still resides there and has indicated New York as his first office of preference. He commented that Fairhaven is close to New York and would obviously be an office of preference for SA []. He felt [] should have been assigned somewhere else to make his record as a new agent before being assigned to New York. Mr. Tolson requested an explanation and the Director noted, "I would like to know. I have repeatedly indicated no new agents are to be assigned to New York and certainly not back to area from which the new agent comes. H "

I was fully aware of the general rule that new agents are not transferred to New York when I made this transfer, and meticulously followed these instructions as a general rule, but felt that this was an exceptional case. I always made it a point in the normal case not to transfer a new agent back to the area in which he had resided, and always double-checked each new agent transfer to see that he was not sent to an office of preference. In [] case, I felt the best interests of the Bureau would be served by transferring him to New York. The transfer was not made in any way for the convenience of [] but because of what appeared to be an urgent need for his services as a Russian-speaking agent in New York.

Re: [redacted]
Special Agent

[redacted] ability in Russian on a Bureau test had been rated as "good". At the time of the transfer, New York had an outstanding request for eight Russian-speaking agents, Washington Field Office needed seven, and Los Angeles one. I had to rely on the SACs' evaluation of their needs, but discussed the matter with Mr. Downing, Chief of the Cryptanalysis-Translation Section, Laboratory Division, and it was felt that New York and Washington Field Office had the most pressing need at the time. There were only two Russian-speaking agents in this New Agents Class, SA [redacted] and SA [redacted] and it was decided to send one each to New York and Washington Field. I realized that [redacted] would need a short period of training, but felt that New York would benefit more from the services of a new Russian-speaking agent than if I had sent it none at all. *I have always stated no new agents should be sent to N.Y. or DC.*

I realized that [redacted] came from Fairhaven, New Jersey, in the Newark Office territory, some 58 miles from New York, but he listed no office of preference at the time, although he has since listed New York, Newark, and the Bureau. [redacted], on the other hand, listed New York as his second office of preference at the time. He is from Indiana. Faced with the choice of sending [redacted] to an office of preference, or sending [redacted] to an office near his home, but not an office of preference, I chose to assign [redacted] to Washington Field and Fee to New York. *He did not live in his home & still lives there.*

At the time I made the transfer, I had no way of knowing to what type of work [redacted] would actually be assigned in New York, but the SAC was advised of his Russian-language ability by letter 5-13-60. [redacted] arrived in New York 5-28-60, and the performance rating covering the period from then until 8-1-60 reflects, as Mr. Tolson noted, that [redacted] was assigned to criminal work. It also stated he was spending from four to six hours per week in study and conversation in Russian, and rated his ability in the language as very good in reading, writing, and understanding, and fair in speaking, but indicated he was not sufficiently fluent to handle investigative problems. A memorandum of 11-23-60 stated he was called on to contact highly classified sources due to his knowledge of Russian, and a letter of 1-3-61 stated he could handle investigative problems in Russian. An inspection write-up of 1-10-61 reflected [redacted] was fluent in Russian and for this reason participated in the arrest of a Soviet national in an important espionage case. His 1961 annual performance rating, submitted in March, 1961, states [redacted] has been used on Russian-language interviews and translation work and rated his ability very good along these lines.

W. S. TAVEL TO MR. MOHR

9-27-61

Re: [redacted]
Special Agent

It stated [redacted] had been assigned to Soviet espionage matters since 8-1-60, slightly more than 60 days after he arrived in the office, and had been assigned to contact highly placed informants who furnished information in the Russian language.

I deeply regret that this transfer was made contrary to the Director's wishes, but I want to assure him that this, as any other decision I make, was based on what I considered the best interests and needs of the Bureau, rather than convenience of the employee.

Dear Sir:

I wish to register a strong protest against the offensive remarks being permitted on the Jack Parr show. I particularly resent the comments made by Henry Morgan on the night of October 16 about the Director of the FBI, Mr. John Edgar Hoover. Morgan's attack was snide, quite petty and wholly undeserved.

I doubt very seriously that a man in your position need be reminded how perilous the present times are, and I think it ill behooves those who have the greatest stake in the well being of our Nation to allow their facilities to be used to viciously impugn the reputation of individuals who have done so much to preserve our way of life. In all honesty, I must tell you that I do not believe your presenting programs of this type adds anything to the corporation you head. Certainly, this shabby example of "entertainment" cannot be expected to alleviate the criticism the television industry now faces.

Honorable John Hay Whitney
Editor in Chief
New York Herald Tribune

New York 36, New York

My dear Mr. Whitney:

Recently I noticed in your paper the ridiculous column by John Crosby criticizing J. Edgar Hoover of the FBI and blaming that agency, under his able guidance, for all conceivable grievances relating to the crime problems in this country.

While such a malicious smear from Crosby was not a surprise since he has long ago categorized himself by his insipid and erroneous drivel, I was indeed shocked to see your newspaper used as a conveyor of such tripe. Subsequently, I have scanned your paper daily for some indication of corrective action on your part. All I have seen was the dignified and restrained letter from Mr. Hoover on October 6 which proved just how simple and uninformed Crosby is.

Don't you think that a newspaper such as the Herald Tribune, which is generally recognized as a responsible voice in the news media field and an institution which advocates decency, fair play and accuracy in the freedoms it enjoys, should publish a retraction of the Crosby column?

Sincerely yours,

You requested to be advised of the basis for recently sending eight additional agents to the Washington Field Office.

These agents were ordered to the Washington Field Office upon my instructions after I had personally discussed the needs of the Washington Field Office with SAC Johnson, at which time he advised me of his concern for the condition of his regular work in view of the demands occasioned by the high number of specials being handled by that office. Over 10,000 interviews had been conducted in the [redacted] case and approximately 3,000 in the [redacted] case. It had been necessary for SAC Johnson to cut down on the manpower assigned to regular security work in order to assign sufficient personnel to these major specials, as well as the specials concerning the [redacted] case and the security leak involving Newsweek magazine. Many applicant cases with close deadlines were being received and several agents from Washington Field Office were on loan to the House Appropriations Committee. The previous eight months' average daily overtime was over 3 hours.

My memorandum of August 25, 1961, concerning the above matter set forth the background concerning the objection of Chief Judge A. P. Murrah regarding the proposed layout of space to be assigned for our use in the new Oklahoma City Federal Building and stated we have enjoyed friendly relations with Murrah in the past. The Director noted "This is news to me. If I recall correctly he participated in the attack on me by Parole Advisory Committee. H." *C. P. Smith*

The statement concerning relations with Judge Murrah was based on information to that effect received from Oklahoma City in connection with the current space problem. In view of the above no check was made of Bureau files regarding Murrah.

It is a pity that inadequate memos are prepared for me. 167-206238-216

Bureau files reflect the Advisory Council of Judges (ACJ) of National Probation and Parole Association (NPPA) in meeting on August 28, 1958, adopted resolution criticizing Director's comments before American Bar Association in 1951 Los Angeles. Relations with NPPA have blown hot and cold at various times over the years. Cordial correspondence in 1957 with NPPA representatives, very little contact in 1958. Director spoke before National Parole Conference on April 10, 1956, which was sponsored in part by NPPA. Members of NPPA have, in past, criticized Director. ACJ, according to 1957 publication of this council, headed by Honorable Bolitha J. Laws, United States District Court, Washington, D. C., a good friend of the Bureau. ACJ composed of forty judges or former judges from various parts of country. ACJ organized in 1953. Federal Judge Alfred P. Murrah of Oklahoma City was chairman of ACJ session held in Pasadena on August 28, 1958, which passed resolution which took issue with Director's speech.

Our files further reflect the matter pertaining to the resolution passed by the NPPA has been handled at the Bureau. A copy of a letter dated December 30, 1958, to Judge Murrah from the Director was designated for the Oklahoma City Office. This letter was in reply to Judge Murrah's letter of December 23, 1958, suggesting a conference regarding the NPPA resolution. He was advised by the Director that in view of the adamant stand taken by the Council at Pasadena and since it apparently still holds these views, the Director felt very little could be accomplished by a

conference as suggested by Judge Murrah. By letter dated May 5, 1961, the Oklahoma City Office advised that a subsection of the National Council on Crime and Delinquency, formerly known as the NPPA, was meeting in Oklahoma City on May 4, 5, and 6, 1961. This letter set forth the names of the judges in attendance and advised that additional information concerning details of this meeting would be obtained in contacts with Judge Murrah and forwarded to the Bureau.

The file reflects that on June 30, 1961, Judge Benjamin Schwartz who has been most enthusiastic in personally attempting to have the ACJ retract their resolution advised SAC Mason he felt that he had things pretty well lined up to accomplish the above. He stated that only three judges were adamant in not going along with this, namely, Alexander of Toledo, Ohio; Edwards of Detroit, Michigan; and Nichols of Dayton, Ohio. Judge Murrah was not mentioned; however, by letter dated September 5, 1960, to Judge Schwartz, Judge Murrah stated, "Let me say that I share your great respect for Mr. Hoover as a law enforcement agent. I do suggest, however, that there is a wide difference in the responsibilities of a sentencing judge and an enforcement officer, and therein lies the room for the difference in our approach to the baffling problem." This would indicate that as of that date he had not changed his thinking regarding the resolution. The file does not indicate this information furnished to the Oklahoma City Office.

Murrah was born in Indian territory (Oklahoma) on October 27, 1904. Admitted to Oklahoma Bar in 1928. Bureau conducted investigation of Murrah in 1936 in connection with appointment to Federal bench. No substantial derogatory data was reported. He has served as a judge on United States Court of Appeals, Tenth Circuit, since 1940 and is now Chief Judge of this Court. The Bureau has had very limited direct relations with Judge Murrah, mainly infrequent correspondence concerning official matters. Prior to passage of the resolution by NPPA in August, 1958, Oklahoma City Office had described him as friendly to the Bureau. Judge Murrah is on the mailing list to receive the Law Enforcement Bulletin; however, he is not on the Special Correspondents' List.

Other than the above, the Bureau files do not indicate that any information of a substantial nature concerning Judge Murrah has been sent to the Oklahoma City Office or received by the Bureau from Oklahoma City. It would appear that this is the basis for information received from Oklahoma City that our relations with Judge Murrah in the past have been cordial.

In connection with a memo dated 9/21/61 from Assistant Personnel Officer J. B. Adams to me concerning the transfer of [REDACTED] from Oklahoma City to Washington Field Office, the Director commented that the memo was grossly inadequate and his previous question regarding why an agent was not selected from the Office of Preference List was completely ignored. The Director requests to know the number of agents by grade on the Washington Field preference list. The Director also commented that Washington Field is a "show place," we should place experienced men there, and no agents are to be sent there as second office of assignment. He instructed that SAC Johnson be straightened out on this and Director inquired in event lower grades were desired by Johnson why weren't they selected from list.

The Office of Preference list is not used in filling all vacancies since it is a seniority list having the purpose of placing agents with well-rounded experience in their office of preference for a more or less permanent assignment. The use of the List is affected by other factors, such as, the assignment of new agents completing training school, our policy of transferring agents to their second office of assignment after one or two years, and our policy of keeping a group of agents in every field office available for transfer due to fluctuation of the work without having to disturb those senior agents in an office of preference. We assign agents completing training school to small offices and then rotate them to larger offices as their second assignment in order to make room for additional new agents in the smaller offices. Additionally, vacancies are filled on the basis of specific needs, such as, language, technical qualifications, or other specialized abilities. At the present time, there are 118 agents in other field offices in grades 10 through 13 who list Washington Field as one of their three offices of preference. Twenty-two are in grade GS 13, 55 in grade GS 12, 26 in grade GS 11, and 15 in grade GS 10. A number of those on the Washington Field list would be disqualified for an office of preference transfer in view of disciplinary action, low overtime, etc. For instance, at least 7 of the 22 grade GS 13s would fall in this category. As of August 31, 1961, 71% of the agents assigned to Washington Field Office listed it as an office of preference.

In connection with filling the 8 vacancies in the Washington Field Office, Adams referred to the Office of Preference List and the list of first office agents due for rotation transfer. He noted the two top men on the Office of Preference list entitled to first consideration were found to be assigned to the Alexandria, Virginia, Resident Agency and one of them, the Senior Resident Agent, was in grade GS 14. It was felt no purpose would be served by transferring them to Washington Field since the resident agency is in

the Washington, D. C., metropolitan area. A memo could have been prepared regarding this and the seniority list could have been pursued further; however, in considering the availability of a number of agents due for rotation transfer, it was decided to select all 8 from that latter list. As pointed out above, the Office of Preference list is not always used in filling vacancies and its use is a matter of judgment, depending upon other factors affecting the best interests of the Bureau. *2 certainly very badly - must be in this instance: OK*

SAC Johnson did not specify any grade level desired, but in view of the availability of first office agents due for transfer advised he would be pleased to receive them as his office was an excellent one to gain well-rounded experience and there was a large amount of work which could be handled by agents of their experience. Washington Field had very few agents in grade GS 10 compared to the higher grades. It is noted that Washington Field Office has 286 agents in grade GS 13, 101 in grade GS 12, 24 in grade GS 11, and 14 in grade GS 10, including these first office agents recently transferred. *Johnson said he was not in the field. M*

Recommendations originate in the Administrative Division concerning resident agent transfers, hardship requests and disciplinary transfers, all of which are sent through your office. Office of Preference transfers, new agent assignments, and first office transfers originated in and were cleared by my office in the absence of questionable cases. Henceforth, in accordance with the Director's instructions, all transfers will be sent through your office. The Director's desires concerning assignment of agents to the Washington Field Office will be followed and, in accordance with the Director's instructions, SAC Johnson has been advised in this regard.

MEMORANDUM FOR MR. MOHR

MR. HYDE

I am returning a proposed transfer for Agent Patrick J. Fletcher from Baltimore to Indianapolis.

Mr. Hoover, in a memorandum of November 16, stated that he noted this agent was at his office of preference and unless there was something in Mr. Fletcher's personnel file which would warrant further consideration, he thought he should be transferred to a non-preference office. The summary of the agent's file dated November 17, attached, shows that Fletcher has indicated no office of preference.

Obviously, this has received no attention in your offices inasmuch as apparently no check was made to determine whether Mr. Hoover was furnished correct information, and, furthermore, action is being taken which may well be inconsistent with Mr. Hoover's desires.

I would like an explanation concerning this and also whether in the summary prepared on the Baltimore Office for Mr. Hoover's use in talking with SAC Powers, it was or was not indicated that Agent Fletcher was in his office of preference.

It should not be necessary for matters of this kind to be handled in my office. It is certainly obvious that it has been completely mishandled by the persons to whom this memorandum is addressed.

SUBJECT: HANDLING OF DISTINGUISHED GUESTS AT
FBI NATIONAL ACADEMY GRADUATION EXERCISES

The Director has indicated in his memorandum of 11-9-61 of an unsatisfactory situation with respect to the handling of guests attending the National Academy graduation exercises.

The Director's criticism is well taken and steps will certainly be taken to afford better planning for future graduation exercises.

I am not offering the remarks in this memorandum as indicative that guests were well taken care of. There were shortcomings. This points up the absolute necessity of better planning for future events. This is particularly true with respect to the situation involving Captain [redacted] and his party. A memorandum concerning the background of Captain [redacted] should have been submitted long in advance of the Academy graduation exercises. It was taken for granted that previous memoranda would be sufficient. This assumption should not have been reached and further memoranda fully outlining Captain [redacted] background should have been prepared for the Director's usage, in introducing Captain [redacted]

[redacted] and [redacted] did receive good attention. I talked with [redacted] twice telephonically prior to the graduation exercises and he was picked up 30 minutes in advance by Special Agent [redacted] (I escorted Secretary Goldberg.) Following the graduation exercises, [redacted] was escorted to his hotel room by Special Agent [redacted]. I took [redacted] and his associate, [redacted] to lunch at the Statler Hotel along with Special Agent [redacted] at my expense following the exercises. [redacted] was afforded a car and driver the entire afternoon and, in fact, was taken to his train at approximately 5:00 p.m. yesterday afternoon. He expressed appreciation for the courtesies extended him and told me he was somewhat apologetic over all the attention showered upon him.

In connection with [redacted] Inspector H. L. Edwards and [redacted] had consulted with each other prior to the graduation exercises as to how [redacted] would be handled. Inasmuch as both [redacted] and [redacted] come from Cincinnati it was agreed that we would take both parties to lunch. [redacted] schedule prevented this; however, Inspector Edwards had [redacted] as his guest at lunch at the Washington National Airport

DeLoach to Mohr 11-9-61
Re: Handling of Distinguished Guests at
FBI NA Graduation Exercises

in view of the fact that [] found it necessary to depart for Cincinnati shortly after the graduation exercises. [] additionally expressed his appreciation over the treatment afforded him.

Despite the treatment afforded [redacted] and [redacted] better attention should have been given the [redacted] particularly in view of the many kind courtesies that they have extended the Director and the FBI. If the Director had received the proper information in advance he could have given Captain [redacted] a better "build-up" during his introduction. *None of this helped.*

I would like to say that Special Agent [redacted] was under instructions to be of every possible assistance to the [redacted] during their visit to Washington. Upon meeting them he suggested taking them to lunch, following their visit with the Director, which invitation they accepted. During lunch he suggested making a car available to them and personally driving them around during the afternoon. They declined inasmuch as their schedule called for immediate departure from Washington. Agent [redacted] took them to the airport and saw them off. There was no opportunity to be of further service to the [redacted]. Their air reservations were confirmed by [redacted]

Glaring faults which will definitely be remedied are:

(1) Failure to provide the Director with adequate information prior to the introduction of distinguished guests.

(2) An Agent with whom the Director is specifically familiar should have taken such distinguished guests as the [] into the Director's Office.

(3) A summary memorandum concerning proposals for treatment of distinguished guests should have been furnished the Director prior to the graduation exercises. In some instances it would have been impossible to furnish complete facts inasmuch as the various schedules were not known until these individuals actually arrived. However, certainly, a memorandum of recommendations could have been furnished.

ACTION: I wish to assure the Director that insofar as the Crime Records Division is concerned, the above-mentioned faults will not be repeated. Greater care will be exercised in the future to make certain that proper treatment is afforded distinguished guests and officials in connection with the Academy graduation exercises.

I doubt if anyone has taken any part
now & program home in looking up
that such plans are made & that all have
been taken care of - apparently none! 14

Dear Mohr:

I want you to know how much I appreciate your helpfulness in connection with the budget hearings.

Your excellent knowledge of our appropriation requirements and the very fine manner in which the material for my testimony was prepared, were of inestimable assistance to me in presenting our request for funds to the Sub-Committee on Appropriations. You are to be commended for your performance of duties in this matter, and I could not let the occasion pass without expressing my gratitude to you.

With best wishes,

Sincerely,

Mr. Tolson has requested an explanation for an incorrect statement which listed the third office of preference of Assistant Legal Attache Sheldon W. Parks as Madrid, Spain. This statement appeared in a memorandum which I prepared dated 2/15/62. The brief of Parks' file correctly listed his offices of preference as being Mexico City and San Francisco and listed no third office of preference. I had the brief available when the memorandum was dictated and should have noted this correct listing but failed to do so. I did secure his previous listing of Madrid as Parks' third office of preference from information in the file on his personnel status form dated 2/1/61. In addition, I had checked the office of preference books under the "Legal Attache" listing and Parks was indicated as listing Madrid as his third office of preference. The office of preference books are printed once a month and a new regularly scheduled printing has not been made since the new personnel status forms for employees have been submitted. These forms dated 2/1/62 have been received and Parks' current offices of preference were properly known to the Movement Unit and were properly noted on the Movement Unit card relating to Parks. The unit is in the process of making the voluminous office of preference changes in the individual files and this listing also will be correctly noted in the next printing of the office of preference listing by the Voucher-Statistical Section. I regret that this error occurred and should have noted the proper listing on the brief of Parks.

Hyde and I should be censured.

Dear Mr. Mohr:

There was absolutely no justification for the failure of the jack carried in the automobile I was using on February 21, 1962, to operate satisfactorily when it was needed. I have been informed that this jack had not been tested for several months and this is certainly an indication of laxity on your part and on the part of the Administrative Division.

I shall expect you to make certain that in the future the cars and equipment are in perfect working condition when needed and that no further instances of such unsatisfactory maintenance are permitted to occur.

Dear Mr. Mohr:

The selection of Special Agent [redacted] to serve as an Assistant Legal Attache at Rome without his physical fitness to accept such an assignment having been determined first has revealed a procedural weakness in your office. The question of his physical condition should have been resolved before this employee was recommended for the assignment and you were at fault in not detecting this omission and having it corrected.

Consequently, I shall expect you to give more careful attention to such matters in the future in order to prevent any further such deficiencies.

In memorandum of 4/5/62 the Director approved that SA [REDACTED] transfer to Rome, Italy, be canceled and that a replacement for him be expedited. Mr. Tolson asked, "Why wasn't physical condition determined before [REDACTED] was ordered to Rome?" and the Director commented, "This I can't understand. I thought no one would be firmed up for such an assignment until a physical examination had been given. This is like putting cart before the horse."

The physical condition of agents being considered for selection for foreign assignment duty has always been one of the items taken into account and the last annual physical examination reviewed to determine that there are no defects noted which would preclude such an assignment. In those cases where they are several months away from being due for their next annual physical examinations, agents selected have proceeded to their foreign post and been afforded their annual physical examinations at the Government facilities available at the foreign post when due. This is the first instance where an Agent selected and approved for a Legal Attache assignment has turned up with a physical situation preventing his proceeding on such assignment.

Upon the ordering of [REDACTED] to Rome on 3/27/62 the Administrative Division upon noting his last annual physical examination had been given 4/12/61 arranged for his physical examination at our facility here in order to save time and not await his arrival at the new station and then ordering such examination.

In selecting clerical personnel for foreign duty assignments we require that they submit to a physical examination and their order to the foreign duty post is contingent upon their satisfactorily passing this complete physical examination as we do not have an annual physical examination program for clerical personnel such as that we have for Special Agents.

In order to preclude a situation such as this arising in the future, it is being recommended that if the individual under consideration has had his last annual physical examination longer than 90 days prior to the current consideration that he be

afforded a current annual physical examination before the recommendation for his selection is submitted. If this procedure is adopted and agents under consideration for foreign duty assignments are ordered to take a complete physical prior to the time it is normally due will create conjectures and rumors by such personnel as to why they are being ordered for a physical examination when they are not due. In the event this recommendation is adopted and an agent inquires as to why he is being ordered I feel we should tell him he is being considered for a foreign assignment without specifying where.

RECOMMENDATION:

It is recommended that before selection for designation as Legal Attache any agents in the future who have had their annual physical examinations longer than 90 days prior to the current consideration be afforded current complete physical examinations before recommendation is submitted.

The same should apply to designations as SAC and ASACs.

This is a self-serving, evasive explanation. I recommend a strong letter of censure to Callahan.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. [redacted] furnished the following account of the road trouble he experienced on 2-21-62. Approximately two miles south of Aberdeen, Maryland, a blowout of the right rear tire occurred. Unable to locate the locking pin for the jack handle he could not raise the car to mount the spare wheel. He was able to obtain emergency road service from a nearby service station.

COMMENTS:

AUTO JACKS kept in the armored cars are standard lifting equipment supplied by Cadillac in new cars since 1960. When the 1961 car was put in operation in June 1961 the jack was checked and found to be in operating condition after which it was wrapped in a carpet and securely placed near the spare tire. This jack was in the car at the time it was checked out just before the road trip. It is assumed that the locking pin, unknowingly, dropped to the ground when [redacted] unwrapped the jack. All drivers regularly assist in changing tires and are competent in the use of lifting jacks.

PASSENGER TIRES are the safety double chamber, 6-ply nylon type best suited for our use. Both conventional and snow tires are purchased from and installed by Goodyear. New tires were installed on the front wheels ten days ago and new snow tires were placed on the rear wheels on 12-15-61.

ROAD TRIP INSPECTIONS are always made prior to extended trips. Extra precautions require the cars to be taken out of service to permit a step by step checkout by automotive and tire service personnel. Two weeks ago in anticipation of a road trip both armored cars were taken out of service and thoroughly checked at the Cadillac Garage. Goodyear mechanics at that time mounted new tires on the front and carefully checked the snow tires in the rear. Both cars were cleared by them for road operation. In addition the cars were checked daily by our personnel.

Memo to Mr. Callahan
Re: 1961 Armored Car
February 23, 1962

DAILY INSPECTIONS provide for thorough preventive maintenance check by Exhibits Section personnel. The drivers are contacted every morning concerning the condition of the cars. safety of operation being stressed. Drivers are aware of the need to report difficulties at all times regardless of time or day. The appearance of the cars is checked and the drivers are given considerable help in this respect.

ACTION:

1. The defective tire is being returned to Goodyear. Responsible company officials will be contacted and the cause of the blowout will be determined.

2. The 1961 car has been taken out of service in order that the tires can be checked by Goodyear today.

3. The locking pin is being securely attached to the jack handle. The drivers are being "refreshed" concerning the use of the jack and also the need to be "alert" to the responsibilities of the job so that the Director can be assured maximum safety of operation at all times.

ADDENDUM: NPC:med 2-23-62

Although the car was given a thorough checkout in anticipation of the Director's trip to Philadelphia, the jack although ascertained being in the trunk of the car was not taken out and examined to see that all parts necessary to its operation were there prior to departure on this trip. The locking pin for the jack handle could not be located when needed. There is no excuse for this. Accordingly, (1) it is recommended that [redacted] of the Exhibits Section who handles phases of the checkouts of these cars be censured, (2) it is recommended that Inspector Gauthier of the Exhibits Section who has responsibility for the operation of the armored cars be censured, and (3) it is recommended that I be censured in view of the over-all responsibility of my division for the operation of these cars.

**JOHN P. MOHR
ASSISTANT TO THE DIRECTOR
ENTERED ON DUTY OCTOBER 2, 1939**

In his position as Assistant to the Director, Mr. Mohr has under his immediate direction the Administrative, Identification, Training and Inspection, Files and Communications and Crime Records Divisions. In this capacity and as Number Four Man in the Bureau he has discharged his diverse responsibilities in an extremely capable and superior manner and has most certainly earned a rating of Outstanding for the annual performance rating period from April 1, 1961, through March 31, 1962.

Commanding in personal appearance and with a vigorous personality, Mr. Mohr is remarkably impressive in his personal contacts. His performance has been highlighted with exemplary initiative, enthusiasm and resourcefulness. He is gifted with the imagination for generating ideas and has the ability to quickly reach the core of any problem and to quickly make those decisions which are in the best interests of the Bureau.

His zeal for achieving success for the Bureau, together with his most extensive experience in supervisory, administrative and top-level executive positions, characterize him as a most outstanding and accomplished official. He is a perfectionist and has the unusual ability of obtaining maximum performance from his subordinates. He sets an inspiring example for his associates and has succeeded in promoting the highest morale and esprit de corps among our employees.

Mr. Mohr possesses all of the attributes necessary for discharging to perfection the many and varied responsibilities of his office. He has the immediate responsibility for determining the budgetary needs of the Bureau and in this regard he is most

careful in analyzing our various operations and has consistently displayed an exceptional knowledge and understanding of all budgetary matters. His performance in this regard has been of invaluable assistance to me and to the Director in the Director's appearances before the House Subcommittee on Appropriations. He is also responsible for the proper distribution and assignment of personnel throughout the field and at the Seat of Government. He has been most effective in assigning personnel where their services are most needed. His unusual insight into all administrative operations of the Bureau enables him to meticulously analyze and direct those operations under his supervision with splendid know-how and efficiency.

During this entire rating period Mr. Mohr has handled a great volume of work in a superior manner. The work of the Bureau has increased greatly and he has readily assumed a major share of these obligations. Mr. Mohr is a true public servant who has dedicated more than twenty-two years to furthering the work of the Bureau and his services have been of inestimable value to the Bureau, the Department of Justice and the Government and definitely merit this Outstanding performance rating.

In memorandum of 4/5/62 the Director approved that SA [REDACTED] transfer to Rome, Italy, be canceled [REDACTED] has been so advised) and that a replacement for him be expedited. Mr. Tolson asked, "Why wasn't physical condition determined before [REDACTED] was ordered to Rome?" and the Director commented, "This I can't understand. I thought no one would be firmed up for such an assignment until a physical examination had been given. This is like putting cart before the horse."

The physical condition of agents being considered for selection for foreign assignment duty has always been one of the items taken into account and the last annual physical examination reviewed to determine that there are no defects noted which would preclude such an assignment. The past procedure in making such selections has not required a physical examination being afforded the employee under consideration. Suitable examining facilities are available in all foreign duty posts and the personnel sent on foreign duty assignment are afforded their regular annual physical examination at such facilities when due. This procedure has proven effective in the past.

By memorandum January 25, 1962, [REDACTED] selection for assignment to Rome was approved by the Director; however, his order of transfer was not written until March 27, 1962, inasmuch as State Department clearance had to be obtained from the Ambassador in Rome for assignment of a third Attache. The Ambassador was sick during part of the interim period and at one stage, the Ambassador indicated he might not approve this additional Attache in Rome. While awaiting approval, [REDACTED] was briefed by the Liaison Section, afforded AFSAM 7 training and code and cipher instruction by the Laboratory. Upon issuance of the transfer orders, he received necessary inoculations on April 2nd. His passport was promptly secured by the Liaison Section and reservations for his travel arranged for departure by plane on April 10, 1962. These reservations have been canceled.

MAY 4 1962

The tickler on his annual physical examination (his last being April 12, 1961) maintained in the Physical Examination Unit of the Administrative Division came up in normal procedure on March 29th. The Domestic Intelligence Division where [REDACTED] was assigned advised it would be satisfactory to afford him the annual physical on 4/3/62 and it would not interfere with his departure date of 4/10/62. This physical is normally completed in one day. The last physical examination afforded [REDACTED] on 4/12/61 reflects he was certified for full duty. [REDACTED] had not noted in filling out the questionnaire part of the physical form any information indicating he had been having any difficulties of any kind such as that developed in connection with the physical afforded on 4/3/62, i. e. rectal bleeding and an anemic condition.

The examining physician during the current physical examination was informed by [] that while recently at his eye doctor he commented upon his pale complexion and upon inquiry by the examining physician at Bethesda, [] informed him that he was tired and during the past year intermittently had experienced the bleeding referred to above. [] further advised the doctor that over a year ago when he first detected this bleeding he consulted his personal physician as he was concerned but his physician placed no importance or significance to his condition. Shortly thereafter when undergoing his annual physical examination in April, 1961, although he did not note it on his physical examination form he orally mentioned this condition to [] at Bethesda, (now retired), who in turn made no medical recommendation concerning the condition nor any notation on his physical examination form and [] dismissed it from his mind. [] took no action to notify the Bureau of this condition at any time or of its continuance even though he initialed his annual physical report executed by [] which contained no reference to this condition. Had the current examining physician not been alert and thorough in this instance, [] possibly could have continued to ignore this matter and later had serious complications develop.

Despite the above and in view of the development in this case, it is felt in order to preclude a recurrence of a situation such as this in the selection of not only Legal Attaches but Special Agents in Charge and Assistant Special Agents in Charge that a complete physical examination be afforded the employee considered for selection for assignment prior to any orders being written designating the employee to the position. Such a complete physical examination would be afforded this employee if his prior annual physical examination was over 90 days old. The responsibility for not previously having detected this weakness in procedure rests with you, me and Mr. Hyde.

RECOMMENDATIONS

1. It is recommended that in the future before final action is taken indicating an employee as Legal Attache, Special Agent in Charge or Assistant Special Agent in Charge, he be afforded a complete physical examination if his prior annual physical is 90 days or older.

2. In view of the failure to foresee the need for affording physical examinations in situations such as this in advance of designating employees for foreign assignment or those indicated above, it is recommended that you, I and Mr. Hyde be censured.

OUTSTANDING ANNUAL PERFORMANCE RATING

There is attached for approval the annual performance rating for Mr. Mohr covering the period from April 1, 1961, through March 31, 1962, rating his services as Outstanding. I have signed the rating as the Rating Official, since I sincerely feel that the performance of this man during the rating period has been outstanding and in complete conformance to the performance rating standards covering Outstanding ratings.

In the event you approve this rating, I respectfully request that you sign both the original and the copy, on the line, as Approving Officer. Thereafter it must be submitted to the Deputy Attorney General in the Department for approval by the Efficiency Awards Committee. Upon approval of this rating by the Efficiency Awards Committee, it will be returned to the Bureau and Mr. Mohr will be furnished a copy of his rating. He will also be entitled to a cash incentive award under the provisions of the Incentive Awards Plan. You recall that you have authorization under the delegation from the Attorney General to approve such awards up to \$500, which is the customary amount that has been approved for Assistant Directors and above. For officials below the level of Assistant Director, who are in Grade GS 16 or above, it has been customary to approve awards of \$400. For those in Grades GS 15 through GS 13 awards of \$300 have been approved and \$200 awards for those in Grade GS 12 and below.

RECOMMENDATIONS:

(1) That you, as Approving Official, sign the original and copy of the Outstanding performance rating for Mr. Mohr and upon approval of the rating by the Efficiency Awards Committee of the Department he be approved for an award of \$500.

(2) That the attached memorandum go forward to the Deputy Attorney General transmitting the Outstanding rating for final approval by the Efficiency Awards Committee.

MEMORANDUM FOR THE DIRECTOR

*Domestic Intelligence**J.P. Mohr*

I have become quite concerned that the recommendations have been proper and the information and possible administrative action.

Recently two specific instances came to mind. The first instance I later learned was predicated upon information that was obtained from the Bureau.

In one instance involving Mr. [redacted] [redacted] [redacted] the failure to have Mr. [redacted] [redacted] [redacted] I talked with the Supervisor who had been [redacted] [redacted] [redacted] Supervisor was not even on duty at the time [redacted] [redacted] [redacted] Supreme Court had sustained the lower court's [redacted] [redacted] [redacted] to surrender and serve a life sentence. The [redacted] [redacted] [redacted] the papers sent and giving me this [redacted] [redacted] [redacted] did not completely absolve the Supervisor [redacted] [redacted] [redacted] mitigated some of his responsibility [redacted] [redacted] [redacted] the time the Bureau was notified of the [redacted] [redacted] [redacted].

In another instance [redacted] [redacted] [redacted] when the request from [redacted] [redacted] [redacted] the Bureau withhold information [redacted] [redacted] [redacted] before the Committee, I learned that the Supervisor [redacted] [redacted] [redacted] had in fact written a memorandum upon this matter [redacted] [redacted] [redacted] advising of the request by the McClellan Committee. This [redacted] [redacted] [redacted] sent by the Supervisor to the head of his section who [redacted] [redacted] [redacted] it to Mr. Rosen, who refused to send it through to [redacted] [redacted] [redacted].

INSPECTION GENERAL

The Director has asked why I was absent during the two-day field Inspectors' conference, June 18 - 19, 1962, this being the period when I was at the 50th Annual Conference of the New Jersey State Association of Chiefs of Police, Spring Lake, New Jersey, which began Monday, June 18 and concludes with the banquet June 20, 1962.

This group at first invited the Director to make the keynote address since this was their Golden Anniversary. The Director's commitments compelled him to decline by letter March 26, 1962, following which the group wrote the Director and asked him to send me as his personal representative to make the keynote address. This was approved and confirmed by letter to the group April 16, 1962. The Inspectors' field conference was set up and approved by memorandum of May 21, 1962, and at that time I fully intended returning immediately after the keynote speech, which was at 10:00 AM on the opening day of the New Jersey meeting. This would have permitted me to be back in time to attend a portion of the afternoon session of the first day and the entire second day of the Inspectors' conference, which was planned as a workshop for the entire Inspection Staff. The first day of the Inspectors' conference was scheduled for appearances by all Division heads, including the Training Section. June 18 and 19 were the only completely satisfactory dates for the Inspectors' conference. I endeavored to set the conference on other dates but because of the already approved inspection schedule, which has to be carefully worked out in advance, these two dates were the only ones when all Inspectors would be here.

The date could have been changed.

In view of more recent developments indicative of efforts on the part of such groups as the International Association of Chiefs of Police (IACP) to invade and make dangerous inroads into police training matters, and in view of the Director's desire that we do everything to intensify our alertness to this undesirable activity and strengthen our contacts against such moves, you felt that the Bureau's best interests would be served by my remaining for the

Re: Field Inspectors' Conference

entire Golden Anniversary New Jersey meeting. It is recognized that the New Jersey Association of Chiefs of Police is one of the most powerful police groups and, in fact, is considered the policy-making group for the IACP. It is most essential that we have excellent contacts in this group. Also, we have recently had the police training situation in New Jersey resulting from the failure of the former New Jersey Governor to give FBI representation on the Police Training Commission, and SAC Bachman has been dealing with the Governor to get FBI representation on the Training Commission. It was felt my attendance at this New Jersey meeting would also be an excellent opportunity to make certain this matter was being adjusted to our satisfaction. For these reasons, following my discussions with you and per your instructions, I made arrangements to remain for the entire New Jersey meeting, making certain that Inspector H. L. Edwards would be on my desk the entire time and would be able to represent me at the Inspectors' conference. Inspector Casper, who heads the Inspection Section, was, of course, in charge of the conference from beginning to end. Before leaving, I thoroughly reviewed the agenda of the Inspectors' conference with Inspectors Casper and Edwards and pointed out to them specific material I wanted covered at the conference.

I respectfully wish to emphasize to the Director that I felt my actions were completely in the best interests of the Bureau in covering the entire New Jersey meeting and I certainly had no intention whatever of shirking or minimizing the importance of the Inspectors' conference.

ACTION:

None informative.

GRC
I haven't stated any success in N. J. rec. of FBI recognition nor any diminution of the impairment building by the IACP so it seems our efforts to woo the N. J. Police Chiefs have been futile.

This was badly handled by Mohr and Maloney

SUBJECT: CORRESPONDENCE MATTERS

Crime Records Div. Inspection with Gordon

On my memorandum to you of 2-8-63 captioned "Correspondence With Honorable Henry R. Luce," Mr. Tolson inquired, "What do the Agent Supervisors handle?"

X 8/2

Agent Supervisors in the Correspondence and Tours Section dictate and handle all of the involved, intricate letters to important personages, such as Cabinet members, Senators, Members of Congress and individuals on the Special Correspondents' List. A very general rule of thumb is that Special Agents handle the mail which is routed to this Section from the Director's Office, Mr. Tolson's office or other highly placed Bureau officials. Also, any other mail requiring an Agent's background and experience is handled by Special Agent personnel. Although Mr. Luce is not on the Special Correspondents' List, he is an important personage and his letter should have been handled by a Special Agent. *

In the Executives Conference this morning, Mr. Tolson also inquired as to whether clerks dictate to other clerical employees. In answer to this inquiry, it is necessary that the administrative set-up of our Section be explained. The Section is broken down into three units, the Special Correspondence Unit, the Non-Special Correspondence Unit and the Tour Unit. Only Agent personnel are assigned to the Special Correspondence Unit. The Non-Special Correspondence Unit personnel consists of a Special Agent Unit Chief, one Special Agent dictator and five clerical dictators, the latter ranging in Grade GS-5 to Grade GS-9. These clerical dictators do dictate to our Grade GS-4 Stenographers. All Stenographers, not including Secretaries, are Grade GS-4 in this Section, though efforts have been made to secure higher grade stenographic personnel for this important work. The Non-Special Correspondence Unit handles the less involved mail, requests for Bureau reprints and publications, routine requests for tours of the FBI, letters from citizens which do not relate to our jurisdiction but are of interest to other governmental agencies and other inquiries from the public of a general nature.

FROM : D. C. Morrell *DM*SUBJECT: CORRESPONDENCE WITH
HONORABLE HENRY R. LUCE*DEPT. RECORDS DIV. INSPECTION*

Mr. Tolson has asked for the comments of the dictator as to why, in preparing a proposed declination to attend the 40th Anniversary celebration of Time in New York, the sentence "I am sorry I cannot be of assistance but trust you will understand the difficulties involved" was used.

The proposed reply was prepared by Correspondence Clerk [redacted] who has furnished the following comments.

what do the agent supervisors handle? L

Mr. Luce's letter of 2-2-63 pointed out that "among the guests, distinguished by their achievement in many fields of endeavor, will be several hundred individuals who, like yourself, have appeared on the cover of Time." He said that he hoped President Kennedy and other eminent men and women who have made history would be present, pointing out that the "essential concept of the birthday party is to recall this history in terms of the history-makers." He said that "your presence would greatly add to its significance."

67-7-400-M-49
Normally, we would not use the sentence referred to in a letter declining an invitation where the Director is not to be a speaker but [redacted] felt it was appropriate in this instance because Mr. Luce was seeking the co-operation or assistance of the specific individuals whose portraits had appeared on the front cover of the magazine in making this celebration a success by their presence.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

Pursuant to your instructions that all members of the Executive Conference be given Outstanding annual performance ratings, there are attached such ratings in duplicate covering Mr. Belmont's and Mr. Mohr's services from April 1, 1962, through March 31, 1963. I have signed these ratings as the Rating Official.

In the event you approve these ratings, I respectfully request that you sign both the originals and the copies, on the line, as Approving Officer. Thereafter, they must be submitted to the Deputy Attorney General in the Department for approval by the Efficiency Awards Committee. Upon approval of these ratings by the Efficiency Awards Committee, they will be returned to the Bureau and Mr. Belmont and Mr. Mohr each will be furnished a copy of his rating. They will also be entitled to cash incentive awards under the provisions of the Incentive Awards Plan. You recall that you have authorization under the delegation from the Attorney General to approve such awards up to \$500, which is the customary amount that has been approved for Assistant Directors and above. For officials below the level of Assistant Director, who are in Grade GS 16 or above, it has been customary to approve awards of \$400. For those in Grades GS 15 through GS 13 awards of \$300 have been approved and \$200 awards for those in Grade GS 12 and below.

Should you agree with the foregoing, these ratings will be forwarded to the Department on 4-1-63, together with Outstanding ratings of all members of the Executive Conference.

RECOMMENDATION:

(1) That you, as Approving Official, sign the original and copy of the Outstanding performance ratings for Mr. Belmont and Mr. Mohr and upon approval of the ratings by the Efficiency Awards Committee of the Department they be approved for awards of \$500.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI, who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith **(by Check - Money Order)** the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

JOHN P. MOHR
ASSISTANT TO THE DIRECTOR - ADMINISTRATIVE

As Assistant to the Director, Mr. Mohr has under his immediate direction the Administrative, Identification, Training, Files and Communications and Crime Records Divisions. In connection therewith, he has discharged his many and varied responsibilities in such an exceptional manner as to warrant an Outstanding performance rating for the period April 1, 1962, to March 31, 1963.

Mr. Mohr is pre-eminently qualified for his present position, having had extensive experience in the field and at the Seat of Government in various supervisory, administrative and executive positions. He is immaculate in personal appearance, has a vigorous personality and is tremendously effective in his personal contacts. Responsibilities of the Bureau have continued to increase during the year, resulting in the assumption of even greater burdens by the top-level executive staff. Mr. Mohr has shouldered a major share of these increased obligations and has displayed unusual talents in every area of the responsibilities he has handled, meeting new challenges with refreshing determination and ability. He is responsible for making decisions of the highest level involving constant contact with Bureau officials and investigative staff. He must maintain a continuous review of procedures and programs under his supervision and keep the Director and me apprised of developments in the most important matters, relieving us of as many decisions as possible. He has represented the Bureau in an exceptionally fine manner in high-level, inter-Departmental and inter-Governmental committees and conferences of a policy-making nature. He has consistently displayed an extraordinary ability to analyze the most complex and important problems and, as a result of his forward and positive thinking, has made a major contribution to the success the Bureau has realized.

The proper determination of the Bureau's budgetary needs is Mr. Mohr's responsibility and in this respect his judgment has been unerring. He has been most effective in the distribution of Bureau

personnel, being ever alert to the changing needs of the service and insuring the equitable utilization of available personnel.

Mr. Mohr is a sincerely dedicated career employee, who has been of immeasurable assistance to me and to the Director. He is unflagging in his efforts to promote high morale and has certainly furthered the progress of the Bureau. His performance in every aspect has merited an Outstanding rating.

Pursuant to Director's instructions, Chicago space matter has been reviewed.

Special Agent [] prepared the letter of 4/26/63 which was sent to the Bureau indicating that a stalemate had been developed between GSA and the Chicago Office concerning our space requirements in the new 30-story Chicago Federal Building, which is scheduled for occupancy about 2 years hence. This letter was signed by SAC Marlin W. Johnson. SA [] advised Mr. J. P. Mohr that he thought he properly presented his impressions. However, it will be noted that [] was dealing with several levels of GSA authority in Chicago and apparently misinterpreted GSA's intentions as when Mr. Mohr talked to Mr. Stanley G. Greene, GSA Regional Director for Public Buildings Service, Mr. Greene advised he did not consider this matter to be a problem or stalemate and indicated GSA had no intention of presenting this matter to Washington but was merely going to send a letter to SAC Johnson presenting their views. Mr. Greene advised he is coming to Washington on May 20, 1963, to confer with his headquarters on other matters, at which time he was told by Mr. Mohr that if he had any problems to contact Mr. Mohr or Mr. C. Q. Smith. Greene indicated he did not anticipate having any problems.

SA [] stated he did not follow Occupancy Guide because of structural configuration of building and because GSA told him to draw up plans for two full floors with possible expansion to a third floor. He stated he was confronted with problem of what to do with space from elevator shafts to north side of building and had choice of making unusually wide hallways and extra large interview rooms which he felt were waste of space, or enlarging executive offices so that these offices would not be long and narrow but would be of balanced size even though larger than called for. He felt that in view of above no need to advise Johnson of Occupancy Guide.

Being handled separately *Prepare an SAC letter again referring to Guide*
SAC Johnson's initials appeared with SA [] in the lower left hand corner of the 4/26/63 letter which would ordinarily indicate he was a joint dictator or had revised letter. However, Johnson stated he did not revise the letter or dictate any part of it. He states he gave [] some of his thoughts which were incorporated in the letter and [] inadvertently put Johnson's initials in lower left hand corner of this letter. When Johnson signed letter he did not detect this inadvertence.

Memo for Mr. Tolson
Re: Office Space - Chicago Division

With respect to Mr. Callahan's and Mr. Mohr's responsibility in this matter, Mr. Mohr advised that immediately upon receiving the April 26 letter from Chicago, Mr. Smith brought this matter to Mr. Callahan's attention, and together they took this letter into Mr. Mohr, at which time Mr. Mohr instructed Mr. Smith to forthwith prepare a memorandum to Director on this matter as Mr. Mohr felt sure this problem could be resolved by Mr. Mohr's appropriately contacting Stanley Greene.

In regard to the question as to why Messrs. Mohr and Callahan did not know that Supervisor C. Q. Smith had not ascertained the square footage of the office space, Messrs. Mohr and Callahan advised that they were aware of the fact that GSA allocated two floors to the FBI and a third floor for expansion. They say GSA's allocation of 2 floors was based on GSA's complete knowledge of our space requirements in Chicago and as a consequence we were asked to draw up a space requirement chart that would fit on these two floors. Messrs. Mohr and Callahan advised that it was understood that GSA was giving us additional space to take care of overcrowding and to permit expansion in future years so as a consequence they were more concerned with space layout to cover two floors rather than individual square footage. They advised they first learned that GSA questioned space allocation when Chicago wrote letter on 4/26/63. Mr. Mohr advised that this matter was not just left up to Smith but that he and Mr. Callahan were following same. Mr. Smith previously advised Inspector that irrespective of fact Chicago indicated they were getting two full floors and Template reflected good utilization of entire area, he should have instructed Chicago to submit a breakdown of entire area in square feet for further appraisal. He stated that had this been done, certain shortcomings would have been apparent to him irrespective of misleading information furnished Bureau by Chicago. Smith has been censured in this regard. It appears that Mr. Callahan and Mr. Mohr also share in Smith's responsibility for not obtaining the square footage from Chicago. Mr. Callahan and Mr. Mohr accept responsibility for this matter.

OBSERVATIONS:

This entire situation could have been avoided by closer supervision here - L.

It is felt that SA [] should be censured for his part in preparing the confusing letter of 4/26/63. I know from my own experience in Chicago that [] has been extremely capable and knowledgeable in handling space matters and is at all times alert to protect the Bureau's best interests. His handling of this letter is not indicative of his usual performance and it is felt he should be permitted to continue handling space matters at this time.

*So far as I can see
it recurred little or no
supervision by
Mohr & Callahan - just
another case of executive

Memo for Mr. Tolson
Re: Office Space - Chicago Division

It is felt that SAC Johnson should be censured for his part in furnishing the Bureau a communication on 4/26/63 which contained a poor choice of words and was certainly confusing and misleading. He also should have been aware of the Occupancy Guide sent to all offices by the Bureau and should have used it in his negotiations with GSA. Mr. Johnson was also wrong in pressing for facilities comparable to those of a Federal Judge or U. S. Attorney.

It is felt that Mr. Callahan and Mr. Mohr should be censured for their part in the over-all handling and supervision of this matter, particularly in regard to the failure to obtain the square footage from Chicago.

RECOMMENDATIONS:

1. That SA be censured for his handling of this matter. If approved, to be handled by the Administrative Division.

Dear Mr. Mohr:

A serious weakness which I have observed in connection with the recent mishandling of negotiations for new office space to be occupied by the Chicago Division is the failure of you and Mr. Callahan to give this problem your personal attention and supervision. Bureau supervision of these transactions was delegated to a subordinate and did not receive proper attention from you.

Dealings of this type are extremely important, and I shall expect you to maintain a close check on them in the future so that there will be no further difficulties such as were encountered in Chicago.

Dear Mr. Mohr:

Recently a summary was prepared for my use on Roy K. Moore, Special Agent in Charge of the Little Rock Office, and it was noted that pertinent information regarding the major shortcomings of Mr. Moore was not set forth in this summary. You share in the responsibility for this delinquency since you reviewed and approved the material in question.

I will expect you to give more careful attention to such matters in the future so that errors of this type may be prevented.

SUBJECT: ROY K. MOORE
Special Agent in Charge
Little Rock Office

b6

In connection with a summary prepared on SAC Moore under date of 9-16-63, the Director noted "I want to know who prepared the first summary and who cleared it. It completely was barren of Moore's major shortcomings."

The summary in question was prepared by an experienced Personnel Briefing Clerk. It was reviewed and approved by SA F. D. Hereford, Mr. Callahan and Mr. Mohr. Due to the expeditious nature of this matter and the desirability of keeping the summary brief and completing it as rapidly as possible, and since Mr. Moore had not been subject to administrative action for over 2 years, it was felt it would suffice to include in the summary only the last administrative action against him which was censure on 9-5-61 for his failure to detect a number of deficiencies in the personal appearance and personality of 3 Special Agent trainees interviewed by him. The administrative action against Mr. Moore prior to 9-5-61 was not included in the interests of brevity and expeditious completion and since this prior action was set out in detail in his permanent brief which was attached to the summary.

It is sincerely regretted that the summary as originally submitted did not meet the Director's needs. All employees engaged in the preparation and review of such summaries have been cautioned to insure that they are complete and adequate in every respect.

RECOMMENDATION:

For information.

ADDENDUM -NPC:jlkc: The omissions of Moore's shortcomings from the summary in question is deeply regretted and instructions have been issued in the future that on similar summaries on any officials such items be set forth as done on the revised summary. In view of my failure to detect these omissions, I recommend I be censured. No administrative action is being recommended against or SA Supervisor Hereford inasmuch as they were following established procedures in the preparation of this summary and were not given any specific instructions to the contrary.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

You reviewed and approved a summary memorandum relating to the Special Agent in Charge of the San Juan Division which had been prepared in the Administrative Division on February 26, 1964, at which time you failed to discover a serious mistake in it. It is obvious that your review was not sufficiently thorough and painstaking.

In connection with the summary prepared on SAC Bishop for the Director's use under date of 2/26/64, the figures set out on page 3 identified as statistical accomplishments of the San Juan Office for the first seven months of the fiscal years 1963 and 1964 are actually the figures for the complete fiscal years of 1962 and 1963. The figures set out on page 4 identified as statistical accomplishments of the office for fiscal years 1962 and 1963 are actually those for the first seven months of fiscal years 1963 and 1964.

This summary was prepared by SA L. L. Davidson who advises that during preparation the figures were inadvertently placed in the wrong location. The figures which appear at the top of page 3 should have appeared at the top of page 4 and vice versa. SA Davidson has expressed sincere regret for this error and has assured that more care will be exercised in the future to make sure that there is no recurrence.

RECOMMENDATION:

It is recommended that SA Davidson be censured.

Washington, D. C.

Dear Mohr:

I am indeed pleased to advise you that the exceptional fashion in which you carried out your responsibilities for the period April 1, 1963, to March 31, 1964, has merited an Outstanding performance rating. A copy of this rating, which has been approved by the Efficiency Awards Committee of the Department, is enclosed for your retention.

REC-138 67-12421-338
APR 23 1964

In recognition of this fine accomplishment, I have approved an incentive award for you in the amount of \$500.00. The check for \$430.00, which is enclosed, represents this award less withholding tax. This achievement represents a sincere and diligent approach to your responsibilities and a dedicated interest in the work of the Bureau and I am most appreciative.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval, Outstanding annual performance ratings, in duplicate, covering the services of Mr. Belmont and Mr. Mohr from April 1, 1963, to March 31, 1964. I have signed these ratings as the Rating Official.

In the event you approve these ratings, I respectfully request that you sign both the originals and the copies as Approving Official. Thereafter, they must be submitted to the Deputy Attorney General in the Department for approval by the Efficiency Awards Committee. Upon approval of these ratings by the Committee, they will be returned to the Bureau and Messrs. Belmont and Mohr will each be furnished a copy of his rating. They will also be entitled to cash incentive awards under the provisions of the Incentive Awards Plan. You recall that you have authorization under the delegation from the Attorney General to approve such awards up to \$500, which is the customary amount that has been approved for Assistant Directors and above.

Should you agree with the foregoing, these ratings will be forwarded to the Department after 4-1-64, together with other Outstanding ratings.

RECOMMENDATION:

That you, as Approving Official, sign the original and copy of each of the attached Outstanding performance ratings for Messrs. Belmont and Mohr and upon approval of the ratings by the Efficiency Awards Committee of the Department they be approved for incentive awards of \$500.

JOHN P. MOHR
ASSISTANT TO THE DIRECTOR - ADMINISTRATIVE

Mr. Mohr, as Assistant to the Director (Administrative), is responsible for directing and coordinating, through appropriate Assistant Directors, the work of five divisions of the FBI. These divisions are concerned with such matters as controlling the Bureau's administration, including its budget, personnel and procurement, records, communications, training, special surveys, crime research, uniform crime reporting, fingerprint identification and top-level contacts in connection with important cases. During the period April 1, 1963, to March 31, 1964, his performance has been so exceptional as to merit the rating of Outstanding.

In his almost twenty-five years of service, Mr. Mohr has had extensive and diversified experience as an investigator, supervisor and executive. He makes an impressive appearance, has a vigorous personality and is tremendously effective in his negotiations with highly placed officials. Mr. Mohr has had to shoulder an extremely large share of the increased responsibilities of the Bureau during the past year. His judicious handling of his multiple duties, particularly with regard to our budgetary needs, has indeed been outstanding and of inestimable value. He has the capacity to quickly reach the heart of any problem, to make those decisions which are in the best interest of the Bureau and to issue sound and succinct directions.

Mr. Mohr is an aggressive, tireless worker who has the imagination, ability and drive for generating new ideas and thereafter developing them into solid and reliable programs of utmost benefit to the Bureau. He possesses an uncanny knack for detecting any deviations from established policies or procedures, no matter how minute, and to immediately initiate appropriate action. He is firm but exceedingly fair and has the respect and wholehearted cooperation of his subordinates. His superlative performance is attributable to a combination of his profound knowledge, his unusual perception and his great dedication to the work of the FBI.

Mr. Mohr has served the Bureau and his Government with distinction and has without doubt earned the rating of Outstanding.

Dear Mohr:

Your anniversary of a quarter century of service with the FBI is indeed an occasion both for the Bureau and for you. It affords me great pleasure to extend my warmest congratulations and to present to you the enclosed Twenty-five-Year Service Award Key.

Your record of accomplishments during the past twenty-five years is ample evidence of your exceptional ability and profound loyalty. The high standards you have set in enthusiastically fulfilling your responsibilities, regardless of the proportion of the job at hand and the demands placed on you, may well be emulated by all. As a member of my personal staff, you have accepted these responsibilities as a challenge and have diligently applied yourself to carrying them out to a successful fruition.

I could not let the occasion pass without expressing my gratitude to you for your cooperation and assistance over the years and commending you for the superior caliber of your performance of duties. You have contributed materially to the enviable record of our successes and I trust I may continue to receive the benefit of your capable services.

With best wishes and kindest regards,

Sincerely,

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by **Check - Money Order**) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

I can't begin to tell you how pleasantly surprised I was to receive your letter of December 11th advising me of your approval of an incentive award for me in connection with the [] case. I want you to know that I deeply appreciate your fine letter and the award, and it was a real honor for me to defend you and the Bureau against such a jerk. All of us who had any part in the [] case were gratified to see him rebuffed at every turn, up to and including the Supreme Court.

I also want to congratulate you on receiving the Gold Medal Award from the Pennsylvania Society and thought your speech in connection therewith was exceptionally fine. It made all of us proud to know that you were selected for this award.

JOHN P. MOHR
ASSISTANT TO THE DIRECTOR - ADMINISTRATIVE

As Assistant to the Director, Mr. Mohr has under his immediate control the Identification, Training, Administrative, Files and Communications, and Crime Records Divisions, and in this capacity has certainly earned a rating of Outstanding for the period April 1, 1964, to March 31, 1965.

Possessing all the highest attributes needed to discharge the very heavy duties of his office, Mr. Mohr has demonstrated unusual insight into every phase of our administrative functions which encompass the Bureau's budget, personnel and procurement, records, communications, crime research, uniform crime reporting, training, special surveys, fingerprint identification, and top-level contacts relative to important cases. Dedicated to his job and with a most comprehensive knowledge and understanding of all of the operations of the FBI, Mr. Mohr has clearly indicated that he has the superior qualities of leadership, integrity and extremely broad vision necessary to handle our ever-increasing obligations. He has willingly assumed additional responsibilities and fulfilled them with unerring judgment and keen perception. He has represented the Bureau in inter-Departmental and inter-Governmental committees and conferences of a policy-making nature with great effectiveness.

Mr. Mohr presents a distinguished appearance, has a most pleasant, yet forceful, personality and makes a tremendous impression in his contacts. He has displayed extraordinary talents in every area of the work delegated to him, meeting new challenges with refreshing determination and competence. He has exhibited an unexcelled ability to analyze the most complex and vital problems and as a result of his positive and imaginative approach has made major contributions to the success the Bureau has realized in the field of law enforcement.

As one of my top aides, Mr. Mohr has been of immeasurable assistance to me and the Director throughout the past year and definitely merits this Outstanding rating.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval the annual performance reports for Messrs. Belmont and Mohr in which their services have been rated Outstanding for the period 4-1-64 to 3-31-65. I have signed these ratings as the Rating Official.

In the event you approve these ratings, I respectfully request that you sign both the original and the copy of each as the Approving Official. Thereafter they must be transmitted to the Department with other such ratings for approval by the Departmental Committee on Incentive Awards. Messrs. Belmont and Mohr will then be entitled to cash incentive awards of \$500 as has been approved in the past for Assistant Directors and above.

RECOMMENDATION:

That you, as Approving Official, sign the original and the copy of each of the attached Outstanding performance ratings and upon approval of the ratings by the Departmental Committee on Incentive Awards, Mr. Belmont and Mr. Mohr each be furnished a copy of his rating and approved for a cash award of \$500.

and top-level contacts in connection with important FBI cases. The incumbent is responsible for making decisions of highest level involving constant contact with FBI officials and investigative staff throughout the service; for devising policy matters and techniques to be used in complicated situations; for maintaining the continuous review of procedures and programs under his supervision; for keeping the Director and Associate Director advised of developments in the most important matters, relieving them of as many decisions as possible and generally representing them wherever possible.

For years the FBI has had a comprehensive, competitive, long-range executive development program to provide the FBI with executives. Its primary theme is that every executive must work his way up through the ranks of the FBI. This policy has been found to be both logical and necessary in view of the involved and widespread yet highly centralized coordination of operations of the FBI which constantly require immediate, far-reaching decisions and direction on the basis of experience in the FBI. Accordingly, experience in depth in the FBI from the ground up is required.

SUBJECT: CONFERENCE WITH
JOINT COMMITTEE ON PRINTING (JCP)
OFFICIALS 6/9/65

The Joint Committee on Printing is the congressional committee which supervises all Government printing plants. Senator Carl Hayden of Arizona is chairman of the committee. A semi-annual report indicating type, units and cost of printing performed in our Mechanical Section print shop is required by the committee. A copy of the report covering period 7/1/64 through 12/31/64 attached. This report reflects an over-all total of 74,836,709 units were produced in our printing plant during the first half of the current fiscal year. Certain types of jobs are not required to be listed by name while others, which include the numerous pamphlets, booklets, etc., we print are required to be identified and enumerated. These reports are closely reviewed and scrutinized by the committee as a check on the amount and type of work being performed in authorized printing plants and to determine whether committee regulations are being adhered to.

On 6/9/65 [redacted] who is the Department of Justice contact representative with the committee advised that committee officials desired to review our semi-annual reports with us on the afternoon of 6/9/65. Special Agent Supervisor D. M. Gregory, Mechanical Section, accompanied by Printing Plant Foreman [redacted] and [redacted] attended this meeting. Members of the committee staff present were [redacted] Staff Director; Paul C. Beach, Assistant Director and [redacted] Technical Adviser. [redacted] stated that in reviewing our semi-annual reports they had noted a steady increase in printing units. He specifically noted that one of our jobs ran over 3 million copies (child molester poster) and said the committee was frankly amazed at the volume of work being performed in our plant. He said the primary reason for requesting the meeting was to discuss this large volume of work and the upward trend in this regard. He pointed out that it is the responsibility of the committee to insure that various regulations regarding in-plant printing are enforced, one of which is to prohibit printing which can logically be performed by the Government Printing Office (GPO) or commercial printers. He stated that if the individual plants had no ceiling on production the above would suffer from lack of work.

[redacted] specifically referred to the number of booklets, pamphlets, etc., 4 or more pages in length, now being produced in our plant which he felt could be "farmed out." He stated he was not referring to material of a technical or security nature but that

RE: CONFERENCE WITH

type of material which is made available to the general public. Messrs. [redacted] and [redacted] pointed out that in the process of reviewing the production figures of all approved printing plants they had already found what they felt was excessive production on the part of Census Bureau and Health, Education and Welfare department plants. As a result they have entered into agreements with the above whereby certain volume type printing is now being done at outside plants. They stated that these agencies were satisfied with this arrangement.

[redacted] also inquired concerning our recent request for committee approval to order a new piece of equipment to replace a collator now in use in the print shop. He was aware that this equipment is needed to more efficiently handle our expanded production and to replace obsolete equipment now in use. However, he felt that if our production was substantially cut back perhaps we would not have need for this equipment. Accordingly, he requested that we review our present production to determine what percentage of the material presently being performed in our plant could be farmed out to GPO or commercial printing plants. He also requested that the purchase of any new equipment be held in abeyance pending a determination as to whether our production will be limited.

It is a victim of lack of supervision by Mr. [redacted]
It was obvious from the remarks of the committee that our printing plant is a victim of its own efficiency in that we are turning out far more production based on our equipment and personnel, than other Government printing plants. Our 1963 fiscal year production was 129,979,354 units; 1964 fiscal year was 144,986,704 units and the 1965 fiscal year will show a further increase. This rise in production is due largely to publications originating in the Crime Records Division. It is interesting to note, however, that our per thousand unit cost for 1963 was \$3.49, for 1964 \$3.16 and will probably be even lower during this fiscal year. This is in spite of increased production with fewer personnel and annual increases in salary rates to our employees. Based on known prices paid to commercial print shops for printing material similar to ours, our cost per thousand units is considerably lower than we will have to pay if the work is farmed out. The committee does not publish a report reflecting production or unit costs for other Government printing plants. However, from our contact with employees in these plants we find that they are amazed at the production we turn out with our employees and equipment. It was apparent from the meeting with the committee that they are concerned over two things: (1) our continued high rate of production which cuts down printing that can be farmed out to commercial firms and (2) the efficiency of our operation which makes other Government printing plants look bad in this regard. In suggesting that we cut back our production and farm out certain types of material they indicated that they were not so much concerned with the cost of such a procedure as they are of insuring that our printing plant production does not get too large thus violating one of their principles that work should be done commercially wherever possible.

An amazing statement for a Congressional Unit to make

Memo C. Q. Smith
to Mr. Callahan

RE: CONFERENCE WITH
JOINT COMMITTEE ON PRINTING (JCP)
OFFICIALS 6/9/65

In accordance with the committee's request the purchase of any new equipment is being held in abeyance pending a determination as to whether our plant production will be decreased. We have made a survey of material that could logically be performed by commercial printing firms which includes primarily the various books, pamphlets, etc., that are made available to the public. Approximately 30% of our total production falls in this category. However, if this work is farmed out we will not be able to exercise the control we now have over this production and irrespective of claims made by the committee it is not felt we can expect anywhere near the prompt service we secure in our own plant. Certainly the over-all cost to the Government will be higher under such a procedure. The Crime Records Division which is the prime user of the material which could be farmed out is opposed to such a procedure. That Division feels that the extremely wide variety of reprints required, the vast range in quantity of each needed, short deadlines, need for periodical reviews and need to maintain workable inventories all preclude farming out printing of this material. The division feels that in the interest of economy in meeting the Bureau's needs the material should continue to be printed in our own plant.

RECOMMENDATION:

Recommend we advise the committee we have made a survey of our printing plant production and for the foregoing reasons feel the best interests of the Bureau and the Government will be served by continuing the production of all of our printing matter in our own plant.

I Agree. Our correspondence is up to 50%. Much of it requesting reports, pamphlets, etc. 6/15

6/15

OK, but we should make sure all of our printing is necessary 5/16

-3-

b6

No. If it is obvious we have allowed this project to grow like a topsey-turvy. I don't think it is a good idea to have it on our requests for printing. I see that our section only handles security & absolute essential print.

SUBJECT: CONFERENCE WITH STAFF MEMBERS
JOINT COMMITTEE ON PRINTING (JCP) June 9, 1965

Reference is made to memorandum from C. Q. Smith to me, June 15, 1965, reporting the captioned conference with members of the Committee staff at which they requested we give consideration as to whether or not any of our publications could logically be produced by commercial printing firms. The Director noted thereon, "Why didn't Callahan or Mohr attend this conference. It was important enough for an Assistant Director to attend. H." Clarification has been requested of the statement "they (the staff officials) indicated they were not so much concerned about the cost of such a procedure as they are of insuring that our printing plant production does not get too large, thus violating one of their principles that work should be done commercially wherever possible." In addition, inquiry has been made as to whether or not there are any limitations in our budget as to the amount of printing we can produce in our Printing Unit or any limitations as to the funds with regard thereto. Finally, the basis for our statement that it costs less for us to print certain items than it would if we contracted them out to the Government Printing Office.

With regard to the Director's inquiry as to why you or I did not attend this conference, you are advised that neither was made aware of this meeting prior to its being held. Section Chief C. Q. Smith did not attend since, at my instructions, he had previously made an appointment for that afternoon with General Services Administration Central Office representatives to determine the status and endeavor to speed up the program approval for construction of a building to house the new Columbia, South Carolina office which the Director desires accomplished at the earliest possible date. It is further pointed out that over the years the Mechanical Section has maintained contact with the Committee staff. From time to time calls are received from staff members regarding items on the semiannual report and other matters of a like nature. In the past staff members have also inquired regarding requests to replace worn out equipment, which they have then authorized. In February, 1964, staff members made an inspection of our plant at which time they stated they were very favorably impressed with our operation from a standpoint of personnel and efficiency. The current semiannual report was sent over in February, 1965, and the request to replace one of our pieces of equipment was made on June 1, 1965. When the call was received shortly after noon on June 9, 1965, that the committee staff wanted to discuss our semiannual report and the request for a piece of replacement equipment with us, they indicated a time of 2:00 P. M. on the same day. Since this appeared to be nothing more than the routine type inquiry which we had answered in the past, Section Chief Smith designated SA Supervisor D. M. Gregory, No. 1 Man in the Mechanical Section, and Printing Plant Foreman [redacted] to handle the matter.

That is just the trouble, you are prone to treat all matters as routine. There is a bad case of "executivitis" existing in Mohr & Callahan.

Memo for Mr. Mohr
 Re: Conference with Staff Members
 Joint Committee on Printing (JCP) June 9, 1965

to attend the meeting as they are thoroughly familiar with our Printing Plant operations.

You and I are familiar with the Director's feelings and past statements with regard to Assistant Directors conferring with other Government officials and those officials on Congressional committees. Instructions have been issued that in the future any meeting with any such groups must be called to my attention and I in turn will call it to yours so that you and/or I can participate in such conferences.

This should have been done all along.

With respect to the statement set forth above that the staff officials "indicated that they were not so much concerned about the cost of such a procedure," you are advised that the tenor of the comments of the staff members was such as to imply that their primary objective was to have as much printing as possible handled by the Government Printing Office or by commercial printing plants. They pointed out that the Government Printing Office is the Government's official printer and other Government agencies are allowed to have their own plants only to handle printing which ordinarily could not be done by the Government Printing Office or by commercial printing plants. They said that they wanted the Government Printing Office completely occupied at all times; therefore, it was essential all agencies farm out work wherever possible. During the discussion of this point, the staff members left the impression their primary consideration was to insure that agency printing plants limit production to material which by its nature is required to be produced in the agency plant. They did not specifically state that the cost involved was of no consequence; however, from the tone of their remarks set forth above, it appeared that any consideration other than keeping the Government Printing Office and commercial plants supplied with work was secondary.

This is certainly rather nebulous & vague.

With respect to whether there are any limitations in our budget on printing regarding quantity of production or the costs in connection therewith, you are advised that no specific limitations are imposed as to either category. For the fiscal year 1965, in computing our over-all appropriation needs, we estimated approximately \$710,000 would be required for the cost of operating the Printing Unit of the Mechanical Section. Our estimated actual costs for the fiscal year 1965 based on experience up to May 31, 1965, indicate our costs will be approximately \$715,500. In addition to the funds provided for the Printing Unit of the Mechanical Section, our 1965 fiscal year budget provides funds in the amount of \$364,734 for "printing and reproduction" costs. During this fiscal year as in the past the Government Printing Office printed the monthly issue of the Law Enforcement Bulletin and the annual Uniform Crime Reports bulletin. In addition thereto, the Government Printing Office, during this fiscal year, has printed in excess of 40 Bureau forms totalling over 16,000,000 copies. During this period, we have paid the Government Printing Office \$153,847 for printing the above-mentioned items. The difference between the \$153,847 paid the Government Printing Office thus far this fiscal year and the \$364,734, provided, has been utilized to defray the costs throughout the field

Memo to Mr. Mohr
Re: Conference with Staff Members
Joint Committee on Printing June 9, 1965

of having photographic work performed, such as developing and printing of pictures taken in connection with our investigative activities, as well as costs of any other services falling within this category.

With regard to the inquiry as to whether it costs the Bureau less to produce some items than it would if such material were referred to the Government Printing Office, or commercial printers to print, attention is called to the following results of a survey conducted in July, 1964, comparing the costs of printing certain forms by the Government Printing Office to the Bureau cost for printing the same forms in our Printing Unit:

	<u>RATE PER 1000</u>	
<u>FORM NUMBER</u>	<u>GPO</u>	<u>BUREAU</u>
1-303 (pink ledger paper)	\$5.20	\$2.58
1-307 (blue and pink card stock)	10.38 (1961 order)	4.71 (current price)
FD-204 (thin white)	1.75	1.59
FD-256 (salmon ledger paper)	1.18	.82
FD-263 (thin white)	1.87	1.59

In addition to the above, in July, 1964, a suggestion was made and approved that fingerprint cards, FD-249 and FD-258, be printed by the Mechanical Section instead of the Government Printing Office. Set forth below is the computation of the savings which resulted from this suggestion:

GPO cost to print forms FD-249 and FD-258. (Fiscal year 1963)	\$24,920.51
Printing contributor address on above cards in Bureau print shop	<u>2,023.50</u>
	\$26,944.01
Out of pocket cost if done in Bureau print shop (includes contributor address)	<u>21,070.99</u>
Net annual savings	\$ 5,873.02

Printing industry periodicals have sections devoted to bids received for State and Government printing jobs from commercial printers. Set forth below are several recent contracts which we can compare with our plant costs:

Memorandum for Mr. Mohr
RE: CONFERENCE WITH JOINT COMMITTEE
ON PRINTING (JCP) OFFICIALS 6-9-65

<u>ITEM</u>	<u>BID AWARDED</u>	<u>BUREAU PLANT COST</u>
10,000 inventory forms	\$ 55.00	\$ 37.00
6,250 2 x 3 1/2 inch cards	354.05	193.00
35,000 "Nurses Notes"	175.00	105.00
100,000 toll receipt forms	136.00	110.00

Making allowance for certain cost items we do not have that a commercial firm must absorb, it is felt our cost will still be lower since, among other things, there is no profit element involved.

The Director's instructions with regard to the approval of requests for printing by [redacted] and Mr. Felt are being followed.

RECOMMENDATION:

That Section Supervisor C. Q. Smith and I be censured for failure to notify you of this meeting.

Also make for his failure to know what is going on in his divisions.

Felt & [redacted] are to cut materially printing in our own Bureau. I recall one case where we sent out to someone an enormous number of copies without any justification.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith **(by Check - Money Order)** the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

Dear Mr. Maurer:

I received your letter of August 9th in which you ask me to serve on an Advisory Cabinet being established by the Board of Trustees of Southeastern University. I consider this invitation a great honor and one which I gladly accept.

Since so many employees of the FBI have attended Southeastern, I'm hopeful that I can make some small contribution to the school to help in its growth in the future.

Sincerely,

John P. Mohr

SUBJECT: REQUEST FOR EXECUTION OF FORM SHOWING
PERSONAL HISTORY INFORMATION REGARDING
THE DIRECTOR, MR. TOLSON, MR. MOHR AND MR. BELMONT.

On the morning of 7-26-65, [redacted] in the Administrative Division of the Department, called Inspector E. W. Walsh of your office stating that John Macy, advisor to the President on personnel matters, had requested forms showing personal history-type information be executed on certain officials in the Department including the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont. The form is captioned "Fact Sheet on Non-Presidential-Appointive Policy and Supporting Positions." Form also calls for information on each position. According to the Department, the request was made in a letter from Macy to The Attorney General of 7-22-65 in which Macy stated the President had asked him to make a study on the staffing structure and policy in the Executive Branch including information on the background and qualification of the incumbents. According to the Department, this appears to tie in with the President's general desire to insure that top positions are staffed with the best available talent which has been receiving recent publicity.

A general review of the form shows that it calls only for rather basic information including date appointed to present position, years' Federal service, education (degrees held and major field), principal positions held and intentions as to duration of employment if known. With respect to information on each position, the form calls for such as title, grade and salary, type of appointment, and a brief description of position. [redacted] initially mentioned that he thought the Department had enough information to execute a form for the Director and that the Bureau need only execute forms for Messrs. Tolson, Mohr and Belmont. [redacted] was advised that the Bureau felt it more appropriate to execute a form for the Director also, with which [redacted] agreed.

RECOMMENDATION:

That we proceed to gather information necessary to execute forms applicable to the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont. The executed forms will be sent through for approval before dispatch to the Department.

SUBJECT: REQUEST FOR EXECUTION OF FORM SHOWING
PERSONAL HISTORY INFORMATION REGARDING
THE DIRECTOR, MR. TOLSON, MR. MOHR AND MR. BELMONT.

My memorandum of 7-26-65 noted that on the morning of that day, [redacted] in the Administrative Division in the Department, called Inspector E. W. Walsh of your office stating that John Macy, advisor to the President on personnel matters, had requested execution of forms showing personal-history-type information on certain officials in the Department including the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont as well as information on each of their positions. The form is captioned "Fact Sheet on Non-Presidential-Appointive Policy and Supporting Positions." According to the Department, the request was made in a letter from Macy to the Attorney General of 7-22-65 in which Macy stated the President had asked him to make a study on the staffing structure and policy in the Executive Branch including information on the background and qualifications of the incumbents. According to the Department, this appears to tie in with the President's general desire to insure top positions are staffed with the best available talent which has been receiving some publicity. It was approved that we gather information necessary to execute the forms and that the executed forms be sent through for approval before dispatch to the Department.

Enclosed is a proposed letter to [redacted] in the Department transmitting forms in triplicate, as requested, applicable to the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont. Part I of the form shows position information and part II shows incumbent information (personal history type). It is noted that item 10 of part I calls for a brief description of the duties of each position and also calls for experience and training required. It is believed desirable to make the point here that for years the FBI has had a comprehensive, competitive, long-range executive development program to provide the FBI with executives, its primary theme being that every executive must work his way up through the ranks of the FBI and that this policy has been found to be both logical and necessary. Accordingly, the reports concerning positions occupied by Mr. Tolson, Mr. Mohr and Mr. Belmont contain information on this point. It is not believed appropriate to include such information in the form pertaining to the Director's position since the Director is the incumbent.

Re: Request for Execution of Form Showing
Personal History Information Regarding
The Director, Mr. Tolson, Mr. Mohr and Mr. Belmont.

Item 15, part II, calls for showing date appointed to present position, for example, 5-10-24 in the Director's case. Then item 23, part II, calls for principal offices held prior to present position. Forms have been executed accordingly.

Item 24, part II, calls for showing intentions as to duration of employment (if known). Instructions forwarded to us by the Department for executing the forms state that item 24 is to be filled in if plans for the near future will result in the positions becoming vacant. Accordingly, this item is not filled in on any of our completed forms. Item 25, part II, calls for signature of submitting official. Instructions state signature is to be by the agency official responsible for the information submitted. Since the information was requested by Macy of the Department and will be forwarded to him by the Department, this is being left blank for signature by the Department.

RECOMMENDATION:

That enclosed proposed letter be approved forwarding to ☐ in the Department forms executed in triplicate on the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont.

ASSISTANT TO THE DIRECTOR - ADMINISTRATIVE

As Assistant to the Director, Mr. Mohr has under his immediate supervision and direction Identification, Training, Administrative, Files and Communications and Laboratory Divisions and in this capacity has unqualifiedly earned the rating of Outstanding for the period April 1, 1965, to March 31, 1966.

Mr. Mohr has been delegated personal responsibility for directing the work of these divisions which includes centralized planning and administering dissimilar functions conducted by a highly trained and specialized staff and encompass every phase of the Bureau's administrative matters, the Bureau's budget, personnel and procurement, records, communications, training, special surveys, fingerprint identification, as well as technical and scientific matters. The responsibilities of the FBI have continued to increase during the past year, resulting in the assumption of even greater burdens by our top-level executive staff. Mr. Mohr has shouldered a major share of these increased obligations and has displayed unusual talents in every area of the responsibilities he has handled. He is responsible for making decisions of the highest level involving constant contact with Bureau officials and their staffs and represents the Bureau in high-level inter-Departmental committees and conferences of a policy-making nature. In this respect he has done an outstanding job. He must maintain a continuous review of programs and procedures under his supervision and keep the Director and me apprised of developments in the most important matters, relieving us of as many decisions as possible.

An indefatigable worker, Mr. Mohr has the unusual ability and the imagination to handle all such responsibilities in a superb fashion. He presents a splendid appearance and is extremely effective in his personal contacts. He is highly respected throughout the FBI and sets an inspiring example for his associates, promoting the highest morale and esprit de corps among our employees.

Mr. Mohr has done much to further the interests of the FBI and his services have been of inestimable value and certainly merit this rating of Outstanding.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval the annual performance reports for Messrs. De Loach and Mohr in which their services have been rated Outstanding for the period April 1, 1965, to March 31, 1966. I have signed these ratings as the Rating Official.

In the event you approve these ratings, I respectfully request that you sign both the original and the copy of each as the Approving Official. Thereafter, they must be transmitted to the Department with other such ratings for approval by the Departmental Committee on Incentive Awards. Messrs. DeLoach and Mohr will then be entitled to cash incentive awards of \$500 as has been approved in the past for Assistant Directors and above.

RECOMMENDATION:

That you, as Approving Official, sign the original and the copy of each of the attached Outstanding performance ratings and upon approval of the ratings by the Departmental Committee on Incentive Awards, Mr. DeLoach and Mr. Mohr each be furnished a copy of his rating and approved for a cash award of \$500.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (**by Check - Money Order**) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

Dear Mr. Hoover:

I was deeply pleased and appreciative to receive your letter of April 7, 1966, in which you afforded me an Outstanding efficiency rating and an incentive award of \$500. I regard this as a magnanimous gesture on your part and is typical of the kindness and graciousness with which I have been treated during my tenure of service in the FBI by you.

I only wish that I could feel that I'm living up to the many nice things that were said about me in the efficiency rating. I can assure you that I will do everything in my power to try to do so in the future.

Again, many thanks and with expressions of my deepest gratitude,

Sincerely,

Dear Mohr:

I was indeed sorry to learn that you are to undergo surgery today on your throat and wanted to extend my best wishes to you and let you know that my thoughts are with you.

One thing of which I am sure -- you don't realize how much you use your voice until something like this happens. But do try to be careful and follow your doctor's instructions.

Hoping you will have a speedy and uneventful recovery.

Mr. Mohr was examined today by Captain [] who performed the operation last Friday. He urged Mr. Mohr to remain away from work today and tomorrow and to report back to him for further examination on Wednesday, November 9. The doctor still desires that Mr. Mohr not use his voice and he is still writing notes. However, the doctor did indicate he was satisfied with the way his throat is healing. Mr. Mohr is still experiencing some discomfort of the throat but the doctor indicated this should clear up by the end of the week.

Mr. Mohr passed on word of his deep appreciation for the very beautiful flowers which the Director sent to him at the hospital. He took them home with him and continues to enjoy them there.

The above is submitted for information.

Mr. Mohr reported to Bethesda Hospital this morning for further checkup by [redacted], who performed the throat operation. [redacted] advised that while the right side of the throat has healed nicely, the left side is not doing good at all and he instructed Mr. Mohr not to return to the office. He is to report back to the hospital on Monday for further examination and it may be necessary to operate on the left side again.

Mr. Mohr was looking forward to being able to return to duty today and is very disappointed in this development.

The above is submitted for information and we will follow his condition closely. Attached is a proposed letter to Mr. Mohr which the Director may desire to sign.

Dear Mr. Hoover:

I can't begin to tell you how much I appreciated your fine encouraging letters and the beautiful flowers I received in connection with my recent illness. It certainly went a long way to buoying my spirits and it was a most pleasant surprise to visit my hospital room and find your flowers already there.

I am happy to report that after more than my share of trouble with my throat, the doctor told me this morning I am making very good progress and he is hopeful that additional operative procedure will not be necessary. A determination on this point will have to be made in the next couple of months. They seem to be pleased with the results thus far achieved. I hope in another week or so I will be in full voice and able to hold my own.

Again, many thanks for your kindness and thoughtfulness.

Sincerely,

John Mohr

The examination this date shows polyps on the superior surfaces of both vocal cords. These are mucous polyps and are not malignant or pre-malignant in nature. He is already using steam inhalation and Dimetapp b.i.d. In addition I feel he should observe as complete vocal rest as possible and return for another check in two weeks. If these masses are not getting smaller, then he should probably be admitted to the hospital for a period of complete vocal rest. If this is not effective, then surgical excision should be considered.

(Gross description, histologic examination and diagnoses)

GROSS EX: Submitted in formalin as nevus, left supraclavicular area, the specimen consists of an ellipse of skin measuring 1 x 1 x 0.5 cm. Centrally placed in this is a large grayish, rounded structure measuring 1 x 0.5 cm. Representative sections are taken. (3 in 1 plus gross) dd

A: Submitted in formalin as nevi, left neck, the specimen consists of four (4) pieces of tissue, 3 of which are merely irregular rounded grayish nodules, the largest of which measures 1 x 0.4 x 0.2 cm. The 4th specimen consists of an ellipse of hair bearing skin measuring 0.5 x 0.5 x 0.5 cm. in the center of which is located a large raised grayish nodular lesion. This larger nodule is transected and embedded totally as are the three smaller nodules. (5 in 1 no gross) dd

B: Submitted in formalin as multiple nevi and papilloma of the right neck, the specimen consists of seven (7) pieces of grayish tissue the largest of which measures 0.5 x 0.3 x 0.2 cm. These are embedded totally. The largest nodule is transected before embedding. (8 in 1 no gross) dd

MICRO EX: 11161: The sections consist of hair bearing skin. In one area of the stratified squamous epithelium, there is marked hyperkeratosis, mild acanthosis and papillomatosis. Within the hyperkeratotic epidermis, there is noted numerous cells containing melanin. Also interspersed are cystic inclusions of keratinized material.

No evidence of atypism or malignancy is noted here. The underlying fibrous stroma exhibits no abnormalities.

A: The sections are of three specimens of skin and underlying subcutaneous tissue. In one of these, there are noted changes as described above. In this section, no evidence of atypism or malignancy is seen. The other two sections exhibit similar histologic characteristics in that the stratified squamous epithelium is noted to be moderately well keratinized with minimal acanthosis. There is in the epidermis of these latter two sections nests, cords and clumps of ^{benign} nevus cells. Noted within the fibrous stroma are several sebaceous glands and hair follicles. There is no evidence of atypism or malignancy in these sections.

B: The sections are of seven pieces of hair bearing skin and subjacent connective tissue. In four of these, the characteristic histologic picture consists of hyperkeratosis, acanthosis and papillomatosis with invagination of the horn layer to form cystic structures containing keratin. In two of the sections, the stratified squamous epithelium is noted to be well keratinized and normally maturing. Beneath the epithelium, the fibrous stroma is noted to contain many dilated small vascular spaces containing hemosiderin pigment. The final section is of a polypoid structure which is covered by hair bearing skin in which the stratified squamous epithelium is noted to be normally maturing and keratinized. Beneath the covering epithelium, there is noted a loose fibrous stroma which has a minimal chronic inflammatory infiltrate composed of lymphocytes. There is noted no evidence of atypism or malignancy in any of these sections.

A: 1. Seborrhic keratosis

2. Intradermal nevi (2)

1-24-66: - This 55 year old Caucasian male has multiple nevi of the thoracic area anteriorly and neck which have been present all of his life. There is a particular nevus in the left cervical-thoracic area over the clavicle which has been growing slowly but progressively. This nevus now measures approximately 1 cm. in its greatest diameter, is elevated, no hairs and darkly pigmented. There is no ulceration and no halo. Excision of this nevus has been scheduled for 8 February 1966 at 1000 under local anesthesia in the M. Operating Room.

DATE	
2-24-66: -	This patient has previously been seen in the Plastic Surgery Clinic where excision of a large nevus of the left supra-clavicular area was recommended. This was a sessile nevus measuring approximately 1 cm. in diameter and it was elliptically excised under 1/2% xylocaine anesthesia. Multiple other pedunculated nevi and papilloma were simply excised from the left side of the neck, these being sent as a composite single specimen. From the right side of the neck, in the supraclavicular area and lateral cervical area, other papillomata were excised and also sent as a single specimen. The wound defects were closed wherever necessary with 5-0 polyethylene sutures and a figure-eight dressing applied. The patient will return in one week for suture removal.
3-3-66: -	All sutures removed from the areas of resection of multiple nevi in both sides of the neck. Paper tape applied. No return.
3/24/66 ENT	Larynx is much more tender - try on two more weeks of vocal rest & then do excision unless recommended

SURGERY:

Direct laryngoscopy

SUMMARY:

This patient has been followed in the Out-Patient Clinic for the past several years because of recurrent hoarseness. He has been found to have edema of the phonating edges of the vocal cords on a number of occasions. Recently there has been a much more pronounced swelling of the right cord and surgery was advised.

On 11-4-66 under general anesthesia the larynx was exposed routinely and biting forceps were used to strip away the edematous edges of the cord. These edges were filled with jelly-like fluid which was sucked away without incident. Post operatively the patient had no complications and the patient was discharged to home the same evening to be followed as an Out-Patient with a period of vocal rest.

SUBJECT: SA [REDACTED]
San Antonio Office
EOD 1-28-63, GS-11, \$10,166
Veteran
On Probation since 6-14-66

The purpose of this memorandum is to fix responsibility and recommend appropriate action in connection with overpayment in premium pay benefits to the captioned Agent. SA [REDACTED] should have been removed from such benefits effective 6-5-66 based on action taken under date of 6-14-66. This was not done and he has continued to receive premium pay benefits up to the present time. Total overpayment for such benefits amounts to \$463 through the pay period ending 11-19-66.

By way of background memorandum from Mr. Felt to Mr. Tolson, 6-6-66, recommended and the Director approved that SA [REDACTED] (then assigned Oklahoma City) be censured, placed on probation, transferred to a non-preference office and removed from premium pay benefits as the result of work deficiencies detected during an inspection of the Oklahoma City Office and since [REDACTED] had not equitably shared the office overtime for the past several months. During the period July, 1965, through April, 1966, he had not equaled or exceeded the overtime average of the office during any month. On 6-14-66, he was ordered transferred to San Antonio and by letter of the same date was censured and placed on probation for his work deficiencies. Copies of the letter to [REDACTED] were designated for SACs Oklahoma City and San Antonio with instructions that [REDACTED] should be advised of his removal from premium pay benefits effective 6-5-66 for his failure to equitably share the work load in the Oklahoma City Division and that he should not be assigned work requiring the performance of overtime and should not be certified for premium pay benefits until he had demonstrated he was able and willing to equitably share the work load.

A copy of the 6-14-66 letter to [REDACTED], including the instructions mentioned above regarding his removal from premium pay benefits, was designated for the Voucher-Statistical Section so that section could record his

probationary status and also remove him from premium pay benefits. In addition, after the letter was mailed the yellow file copy of the letter was routed to the Voucher-Statistical Section to insure that all necessary action was taken in that section. Both the copy designated for Voucher-Statistical Section and the yellow file copy were handled in the Voucher-Statistical Section by Supervisory Coding Clerk [REDACTED], GS-5, who is assigned to the Personnel Statistics Unit. [REDACTED] properly recorded [REDACTED] probationary status but failed to see that the Payroll Preparation Unit of the Voucher-Statistical Section (which handles payroll matters) was notified so that [REDACTED] would be removed from premium pay benefits. Consequently, no action was taken to remove him. [REDACTED] initialed the yellow file copy of the letter to [REDACTED] for the Voucher-Statistical Section after recording Brophy's probationary status, thereby indicating that all necessary action in the section had been completed when, in fact, it had not. He explained that since information regarding payroll actions is normally forwarded to the Payroll Preparation Unit independently from forms and letters received in his unit, he did not send this letter to the Payroll Preparation Unit. b6

The fact that [REDACTED] had not been properly removed from premium pay benefits would have been detected and corrected as early as the first part of July, 1966, had the monthly overtime reports from his office of assignment for the months of June, 1966, and subsequent months been properly processed in the Payroll Preparation Unit. [REDACTED] was not certified by his SAC to receive premium pay benefits on each of these monthly overtime reports beginning with the month of June, 1966. Corrective action to remove him from premium pay could have been taken had these reports been properly and promptly processed. Responsibility for continued payment of premium pay benefits to [REDACTED] after receipt of his overtime reports for June and succeeding months, therefore, lies directly with the Payroll Preparation Unit. The employees responsible for checking the monthly overtime reports for these months were former employees [REDACTED] (now resigned) and [REDACTED] (now in military service). The Supervisor of this unit [REDACTED] in the attached explanation admits her responsibility to see that these checks were made and attributes her failure to do so to the extremely heavy work load in the unit and the shortage of qualified personnel which has made it necessary for her to handle considerable detail work herself and to put in a large amount of overtime. (This is verified by the Chief of the Voucher-Statistical Section who points out that since 6-1-66 [REDACTED] has averaged over 2 hours' overtime per day). b6

Memo:Callahan to Mohr

Re [REDACTED]

b6

The fact that [REDACTED] was still receiving premium pay benefits came to light when SAC Cole of San Antonio, while calling the Bureau on other matters 11-16-66, mentioned that premium pay was still being included in [REDACTED] salary check despite advice in the letter of 6-14-66 that he had been removed from premium pay. It should be noted that following the action against [REDACTED] he wrote the Director 6-21-66 protesting and asking reconsideration of the action taken against him, including his removal from premium pay benefits of which he had been advised by SAC Oklahoma City pursuant to Bureau instructions. His protest was considered by memorandum Mr. Felt to Mr. Tolson 6-27-66 and with the Director's approval [REDACTED] was advised by letter 6-28-66 that the action taken in his case was completely justified. It is therefore conclusive that [REDACTED] is aware that he should have been removed from premium pay benefits effective 6-5-66. His overtime since June, 1966, as compared with that of the San Antonio Office (where he reported 7-5-66) has been as follows:

Month	SA [REDACTED]	Office
July	1' 44"	2' 38"
August	1' 50"	2' 32"
September	1' 30"	2' 36"
October	1' 41"	2' 26"

b6

[REDACTED] overtime during the above period has been above the minimum daily average of 1' 12" necessary to qualify for premium pay benefits but substantially under the average of the San Antonio Office. It is noted that in connection with the instructions to his SAC concerning his removal from premium pay the SAC was told he should not be assigned work requiring the performance of overtime and should not be certified for premium pay until he had demonstrated he was able and willing to equitably share the work load.

A check of those Agents not certified for premium pay benefits against payroll records has disclosed no other instance where appropriate removal action was not taken. It appears that this case was an isolated instance and the original failure to remove [REDACTED] from premium pay benefits was caused by the failure of Clerk [REDACTED], to insure that all action necessary in the Voucher-Statistical Section was taken in connection with the letter to [REDACTED] dated 6-14-66. While [REDACTED] did take proper

action insofar as his particular unit was concerned in seeing that [redacted] probationary status was recorded, he should not have initialed the yellow file copy of this letter for the section without first making sure that the removal of [redacted] from premium pay benefits had actually been effected. The failure to detect and correct this error upon receipt of the monthly overtime reports for June, 1966, and subsequent months rests with the Payroll Preparation Unit which did not properly and promptly process these reports.

RECOMMENDATIONS:

1 - That [redacted] of the Payroll Preparation Unit, Voucher-Statistical Section, be censured for her failure to adequately supervise the checking of monthly overtime reports which resulted in this error not being detected and corrected upon receipt of [redacted] overtime reports beginning with the report covering June, 1966.

RE: LETTER DATED JUNE 14, 1966, PLACING
SA [REDACTED] IN A PROBATIONARY STATUS

Periodically, I receive various forms and letters concerning probationary status and related within-grade salary increase actions for Bureau personnel. The letters are forwarded to my unit for the purpose of maintaining a record of those individuals in such a probationary status and their removal from probation.

b6

Concerning the particular letter in question, I received the letter and noted that SA [REDACTED] was being placed in a probationary status, took the necessary information, initialed the letter, and sent it out to be filed.

Information regarding payroll actions is normally forwarded to the Payroll Preparation Unit independently from forms and letters received in my unit; therefore, I did not send the letter to the Payroll Preparation Unit.

November 18, 1966

Mr. Row:

b6

In connection with the overpayments in fringe benefits to SA [redacted] while I do not feel that the Payroll Preparation Unit was responsible for the fact that he was not removed from premium pay benefits since we did not receive any authorization to remove him, this unit is obviously responsible for failure to detect that he should have been removed after receipt of the Voluntary Overtime Reports for the months of June, July, August, September, and October. Employees primarily responsible for making this check for one month or the other were [redacted] and [redacted]. Both employees are no longer with us. As supervisor of the unit I feel I definitely had a responsibility to assure these checks were made. I can offer no excuse for this failure and the only explanation I can give is this: Work has been extremely heavy in the Payroll Preparation Unit and we have been and are short of qualified personnel; consequently a great deal of the detail work has fallen on the shoulders of my assistant, [redacted] and me. This has not only kept me extremely busy during the regular working hours but I have on my own put in considerable overtime. Due to the pressure of this work, I inadvertently failed to follow up and make sure that the employees responsible were checking the Voluntary Overtime Lists. I might add that both [redacted] and [redacted] were also heavily burdened during the period and a great deal of time [redacted] was conducting tours. I know this does not excuse my failure to detect this error but I offer the above explanation only so that there will be no feeling that this error resulted as a lack of interest or lack of effort on my part to my assigned duties.

b6

I regret very much that this error occurred and I want to assure you that I will do my utmost to see that it is not repeated.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

Today, I received a telephone call from United States Attorney Edward V. Hanrahan, Northern District of Illinois, Chicago. He advised me that he had just received a letter marked personal, which appeared to make an allegation against a Bureau employee. He stated that he had placed it in a sealed envelope and I made arrangements to immediately obtain the letter.

I am enclosing the letter, which I picked up from Mr. Hanrahan, together with the envelope addressed to Mr. Hanrahan.

After reading the letter, I contacted Mr. Hanrahan and emphatically told him that there was, of course, no truth to the allegation in the letter. He immediately commented that he well recognized this, that he had not even given it a second thought and that he recognized that undoubtedly some ex-FBI employee had a grudge against a Bureau official. He stated that he, after dealing with the FBI for the past few years, knows that this type of thing just could not happen.

I feel that this letter was probably not written by anyone in Chicago, although the envelope is postmarked November 28th, Chicago. I base this on the fact that the letter is dated November 25, 1966 and postmarked November 28, 1966. I further base it on the fact that anyone residing in Chicago is well aware of the correct address of the United States Attorney's Office, which is located in the Federal Building here in Chicago. It is noted that it merely states, Mr. Edward V. Hanrahan, United States Attorney, Chicago, Illinois. Anyone in Chicago would have had readily

available the exact address of the United States Attorney's Office. It appears to me that this letter was prepared elsewhere and merely mailed from Chicago. Not only that, the individual would have readily available the home address of Mr. Hanrahan, as it is listed in the Chicago Telephone Directory.

It is noted that the writer of this communication alleges that this incident occurred several years ago. The Imprest Fund records and the Confidential Fund records in the Chicago Office have been destroyed in accordance with Bureau procedure, which requires the destruction of Imprest Fund records annually when three years old and Confidential Fund records annually when one year old.

Re - evaluate at once possibility of destruction of such records. H
Although the writer of this scurrilous communication has signed it "Chicago FBI Employees", I feel that whoever wrote this was not a current employee of the FBI, as any current employee would be aware of Mr. Mohr's correct title of Assistant to The Director rather than Assistant Director. It is further noted that the writer of this communication states that the incident is well known in the Chicago Office. I have been SAC here for in excess of four years and have never heard of such an incident.

In connection with the portion of the letter that states that if no action is taken, details will go to the United States Attorney's Office, Chicago, for inquiry, it should be noted that Mr. Hanrahan commented to me that he recognized the ridiculousness of the allegation, kept no copy of this communication, is making no inquiry and stated as far as he was concerned, "I never received the letter".

I felt you would want me to call this to your personal attention immediately.

Sincerely,

Marlin W. Johnson

TO : MR. TOLSON

DATE: 11/30/66

FROM : J. P. MOHR

SUBJECT: ANONYMOUS LETTER
DATED 11/25/66 AT CHICAGO, ILLINOIS

Reference is made to the anonymous letter received by the Director dated November 25, 1966 at Chicago, Illinois, which alleges that several years ago I had the FBI Chicago Office obtain a motor for my boat at a cost of about \$1,000, which was paid for by the FBI Chicago imprest or confidential fund. It was further alleged that this was stealing and was well known in the Chicago Office. It was further stated that if no action was taken by the Director, details would go to the U. S. Attorney, Chicago, for inquiry since this was a Federal violation.

The contents of this anonymous letter are absolutely untrue and I have never engaged in the activity alleged. First of all, neither I nor any of my relatives have ever owned a boat. Secondly, neither I nor any of my relatives have ever owned a motor for a boat costing about \$1,000. Thirdly, I would have no possible access to the Chicago imprest or confidential fund for any purpose.

I would like to offer the following, however, as a possible explanation for this allegation. Sometime during 1958, I discussed with Richard Auerbach, who was then SAC at Chicago, the possibility of getting a small boat and an outboard motor for the purpose of fishing in the Potomac River and Chesapeake Bay with my son. He suggested a number of possibilities about a boat and thought that he could buy a reconditioned outboard motor through good contacts of his at the Johnson Motor Company in Waukegan, Illinois. Through his efforts, I purchased a reconditioned demonstration 10 horsepower outboard motor for \$75. I have a cancelled check which reflects that I reimbursed Mr. Auerbach for this amount and I also have his check stub showing his personal check to the President of the Outboard Marine Corporation, Mr. Joseph G. Rayniak, for this amount.

REC-140

Needless to say, this was a good buy since a brand new motor of this type would retail for around \$350. As I have indicated, I have never

DEC 6 1966

3/11

owned a boat and I have only used the motor to mount on boats that I have rented on three or four occasions. To say that I got a good buy would be true, but to say that anything improper occurred in connection with this purchase would be absolutely untrue. I had personally met Mr. Rayniak, President of the Outboard Marine Corporation, which manufactures the Johnson outboard motor, and he offered to make this arrangement for me. As I understand it, Mr. Rayniak was either related to some member of Mr. Auerbach's family or knew him extremely well. In any event, Mr. Rayniak would be considered a contact of the Bureau and a real friend of the FBI. As a matter of fact, he shipped the motor directly to my home, notified me of the arrangements and I wrote a letter to him under date of December 9, 1958, expressing my appreciation for his kindness.

I would suggest that the Administrative Division process the attached anonymous letter through the Laboratory with a view to endeavoring to identify its author. The author, if identified, should certainly be put straight concerning the facts surrounding this untrue allegation.

The typewritten, anonymous letters containing a scurrilous allegation regarding Assistant to the Director John P. Mohr, which were mailed from Chicago, Illinois on 11/28/66 to the United States Attorney, Chicago, and the Director, were searched through the Anonymous Letter File and compared with the typewritten documents in the personnel files of SA Joseph L. Kissiah and former SA [Redacted] without effecting an identification.

No indented writing of value was found on these letters. The two envelopes contain the watermark "Stratosphere" which appears in paper handled by the Millers Falls Paper Company, Millers Falls, Massachusetts. The letters do not contain any watermarks or identifying characteristics which would assist in determining the source of the paper.

The typewriting on the anonymous letters matches the Laboratory standard for Royal, pica style of type.

No latent fingerprints of value were developed on the anonymous letters by the Identification Division. The letters have been personally delivered to Supervisor J. Cavanaugh of the Administrative Division. Photographs were made.

SUBJECT: ANONYMOUS LETTER DATED 11/25/66
AT CHICAGO, ILLINOIS

Reference is made to Mr. Mohr's memorandum of 11/30/66, denying the allegation in captioned anonymous letter which bore the typed signature "Chicago FBI employees," and recommending that the letter be processed by the Laboratory in an effort to identify its author.

Although the letter was directed to the Director with a notation that a copy was being designated for Acting Attorney General Clark, the original of the letter has not been received in the Bureau. A carbon copy was received at the Bureau and a second carbon copy was received by U.S. Attorney Edward V. Hanrahan at Chicago, who turned it over to SAC Johnson. These two carbon copies have been examined by the Documents Section of the Laboratory where it was determined that the typewriting matches the standard for Royal pica style of type. No indented writing of value was found on the copies of the letter. The two envelopes contained the watermark "Stratosphere" which appears in paper handled by the Millers Falls Paper Company, Millers Falls, Massachusetts. Copies of the letter do not contain any watermarks or identifying characteristics which would assist in determining the source of the paper.

The copies were searched through the Anonymous Letter File and compared with typewritten documents in the personnel files of SA Joseph L. Kissiah (former SAC who was removed and who has indicated some resentment because of that action), and former SA [redacted] (SA [redacted] was separated from the service while assigned to the Chicago Division and appealed the action to the Civil Service Commission under the Veterans Preference Act. Mr. Mohr represented the Bureau at the hearing before a Civil Service Commission examiner at Chicago, Illinois, and the Bureau was upheld.), without effecting an identification.

No latent fingerprints of value were found on the copies of the letter or the envelopes.

In connection with this matter, the Director instructed that a re-evaluation be made at once of the desirability of destroying Imprest Fund records and

Memo Adams to Callahan

Re: ANONYMOUS LETTER DATED 11/25/66 AT CHICAGO, ILLINOIS

Confidential Fund records. Confidential Fund records are maintained in field offices for three years after which they are destroyed if of no value. However, all basic documents concerning expenditures from Confidential Funds, including any receipts, are maintained permanently in the Voucher-Statistical Section of the Administrative Division. These records pertaining to the Chicago Confidential Fund have been reviewed back through 1958 (the year in which Mr. Mohr purchased the outboard motor in Chicago) and nothing was found to indicate that the outboard motor was paid for out of that fund.

Imprest Fund records are maintained in the field offices for one year after which they are destroyed. However, the basic documents, including any receipts, are maintained in the Voucher-Statistical Section for five years after which they are destroyed in accordance with statutory authority dealing with the retention of Government records. These records were not reviewed since the records for 1958 have been destroyed.

RECOMMENDATION

In view of the desirability of restricting as much as possible the increase in size of Government records, it is recommended that no changes be made in the above procedures relating to the Confidential Fund and the Imprest Fund.
